My Dear Sir Manilal,

I thank you for your letter of the 4th. I have just become free from the work of the Sapru Committee's Report and have started working on some lectures on Indian Culture, which the Baroda Government have requested me to deliver at Baroda in a couple of months time. I have, therefore, very little time at present, for anything else and I must beg of you to excuse me for not being able to comply with your request.

Yours sincerely

Invitation

"Leela", Juhu,
Bombay 25,
21st December, 1945.
2nd January

My dear Dr. Jayakar,

You will pleasr remember I had approached you to send us a contribution for an India issue to be published in U. S. A. The volume was published in 1944 May by the American Academy of Political & Social Science under the title "India Speaking". Early this year it was reprinted in India by Vora & Co. It has been very well received and there is a demand for its reprint in India and its translation into French. It is now suggested that the volume, before it is reprinted, should be revised to bring the materials up-to-date and that we should add some more topics which could not be included in the first edition.

In 1942-43 you had agreed to write on "Retrospect and Prospect" and at your suggestion I sent you an outline for it. May I request you to send us your contribution on the subject if you can find time to write ? If that subject does not appeal to you, may I suggest another equally important one, namely "Developments in Indian Jurisprudence" ? The articles may be of 3000 words in length and should reach us by the end of February.

If you desire to see the above mentioned volume, I shall be glad to send you a copy for your perusal.

I do hope that you would now be able to write for the volume and co-operate with us in making it a very useful and authoritative publication.

Yours sincerely,
Manilal Nanavati

SIR MANILAL B. NANAVATI.

"Leela", Juhu,
Bombay, -12-45.

Dear Sir,

You will please remember your contribution entitled "... Political" to the India Volume published by the American Academy of Political & Social Science in U. S. A. in their 1944 May issue of their Journal under the title of "India Speaking" a copy of which was sent to you early this year.

During the course of this year the issue was reprinted in India by Vora & Co. Publishers Ltd. of Bombay with the permission of the Academy. The Publishers now report that the ... which has been well received in India and they request that permission may be granted to them for its reprint as a second edition. They further desire that the articles should be revised in light of the new materials or statistics that may be available to bring them up to date and thus make them more useful. Most of the articles were prepared in 1942 and a few in 1943. Since then considerable changes have been made in the economic and other conditions in India, some of the statistics then quoted may have become out of date. It is therefore desirable that where possible the articles should be revised. We have also received an offer for the translation of the volume into French.

Under the circumstances it is essential that a revised volume should be published so that India's case may be properly presented. In the first volume certain topics were left out; it is our intention that contributions from representative writers on those subjects may be invited so that the volume may present a comprehensive view of Indian conditions.

I enclose herewith a typewritten copy of your article. I shall feel grateful if you will please revise it in view of the suggestion made above. The revised copy should reach me sometime by the end of February.

In case you think that no revision is needed you will please intimate to me to that effect at your early convenience.

When the new volume is reprinted, I shall be glad to send you a copy.

I do hope that you will cooperate with us in presenting India's case fully as you had done before.

Yours sincerely.

Dear Rao Bahadur Natesan,

I thank you very much for your letter of the 31st ultimo enclosing the print of the Rt. Hon'ble V.S. Srinivasa Sastri's contribution 'The Books that Influenced Me'. I am quite sure that I shall find it interesting. As for your request to have a similar contribution from me, I have noted it. At present it seems rather difficult to find the necessary time among political and other preoccupations, but I assure you that, if I can put on paper anything which is suitable for your distinguished magazine, I shall not fail to send it to you. I know the standard of excellence which your magazine has attained and it is no use my sending anything which does not reach its level.

With all good wishes for the New Year, I am,

Yours sincerely

Dear Dr Jayakar.

There goes to you along with this letter a copy of an article on "The Books that Influenced Me" which appeared in the New Year issue of the Indian Review, from the pen of the Rt. Hon. V.S.S. Sastri. It is my desire to publish in the Review contributions on that topic by distinguished men and women. These contributions may be subsequently issued as a book, so that the coming generation may be benefited by a knowledge of what has gone to the making of their fathers.

May I request you to help this project by writing on the topic for the Review?

Dear Madam,

I thank you very much for your Marathi letter, delivered here yesterday by Mr. Tambe, inviting me to preside at the All-India Music Conference at Baroda on the 9th, 10th and 11th of February. Mr. Tambe met me yesterday at my residence and I mentioned to him that these [illegible] are inconvenient. I have explained to him, however, an alternative arrangement, which, I am afraid, may not suit you. I regret that I have to disappoint you, but it is so difficult under present pressure of work to leave Bombay even for a day.

Dear Sir,

I have received your letter of the 13th, No.5/46, inviting me to preside at an elocution function of your Sabha on the 3rd of February. I regret that I cannot accept your kind invitation, because, apart from other difficulties, I expect to be out of Bombay on the date mentioned in your letter. Will you permit me to say, however, that the honour of presiding at functions like yours should now be reserved for younger men in public life and that older men like me should monopolise it no longer.

Yours truly

Invitation

Bombay.

January 15, 1946.

My dear Mr. Apte,

Your letter of the 13th reached me yesterday. It is difficult to decline your invitation to preside at the Maharashtrian school, having regard to its objects and scope and also to your and Mr. Sudhalkar's pressing invitation. My difficulty, however, is that I shall be in Baroda only for a day, on the 23rd of February, and I doubt whether it is possible for your school to squeeze the function into that day. I believe that the lecture on culture is timed at some hour in the evening. If so, it may be possible to arrange for your function at another hour without conflict with the cultural lecture. If this can be done, I shall be very glad to do the needful as a token of my appreciation of your and Mr. Sudhalkar's effort.

I thank you for sending me a copy of your Marathi publication on Indian Federation.

Reciprocating your good wishes for the New Year, I am,

Yours sincerely

DATED January 13, 1946

My Dear Dr. Jayakar Saheb,

Your kind letter of the 11th inst. I have today. I am obliged to you for your clarification with regard to the stage at which the work of sifting the material of the biography stands. Yes, we will settle about the details of the work when I have the pleasure of meeting you here at the end of February, as you write.

I am today writing to you to make a request. There is an English High school here started and conducted by Maharashtrians, mainly for Maharashtrian boys & girls. It was started nearly 30 years ago under peculiar conditions. At that time, Maharashtrian students were tendentiously refused admission in the Govt. High school which was then the only High School in Baroda City. Hence leading Maharashtrians in this city started this High school and named it the 'Shri Maharani Chimnabai High School', after the ex Her Highness (Dowager). The school is now in a flourishing condition, with nearly 750 boys on the rolls. The management of it is in the hands of an elective Governing Body. For the last many years, Mr. Sudhalkar, the present Chief Justice of Baroda is its President and I am the Secretary. We celebrate an annual function of prize-giving of that High School and it is the ardent wish of Mr. Sudhalkar himself, endorsed by the Governing Body, to invite you this year for that function as the honoured guest. It is rarely that there is a chance

for us to have such an eminent educationist & scholar to grace such a function & the fact that you are already coming here for the Sayaji memorial lecture makes it easier for us to make this request. We have had to keep our maharashtrian heads erect under very adverse conditions, in many respects during all these years in Baroda and in the matter of the school management also. Hence it would be for us a matter of pride and privilege to have the benefit of an eminent maharashtrian to bless our efforts. Both of us — Mr Sukthankar & myself are very keen on this matter & Mr Sukthankar told me that he has already spoken to our Diwan Saheb, Sir B. L. Mitter, that he hoped to invite him on this occasion; then, he said, he hopes to induce you to preside. Under these circumstances, I earnestly request you to consent and kindly let me know the probable date which will suit you. I don't know what definite date is fixed for your official lecture here; but a date proximate to that date and convenient to you, would be admirably conformable to us. We will have to make arrangements for the function on a deserving scale, and hence I would like to have from you, your acquiescence in our request as also the probable date, to enable us to start our preparations. I am engaged at present in secretarial work connected with the session of the All-India Library conference, which is going to be held in Baroda on the 25th, 26th & 27th inst. and immediately on the conclusion of that function, we will commence our preparations for our school function. A reply thereto, at your early convenience is solicited. Please excuse us for the trouble we intend giving you.

I am sending you under a separate cover, a copy of a small brochure on the question of Indian Federation which I had written some years ago. Of course it is now ante-deluvian, but I have just written a few lines which I would request you to peruse.

Wishing you also a happy new year,

Invitation

Bombay

January 16, 1946.

Dear Mr. Surve,

Your letter of the 15th has just reached me. I thank you very much for your kind invitation to visit Kolhapur on the 19th and 20th of February to unveil the portrait of the late Mr. Gokhale. It is a very tempting invitation, but I regret that [redacted] free till the end of February and it is not possible for me to be present in Kolhapur on the 19th and 20th of that month. I do not have the pleasure of knowing Mr. Mitchell personally, though I have heard a great deal about him from friends, and it would have been a very pleasant function to speak a few words about Gokhale under his presidentship and also to visit the several sides of Kolhapur, which, as you say, have improved during the short period of Regency administration. I regret, therefore, that I cannot accept your kind invitation and I hope you will excuse my inability to do so.

Yours sincerely

Dear Babasaheb, I hope that you have recovered from your recent illness. You'll recall that I had called on you on the New years Day. It's now some years that we met. After working for 7 years as Head Master in Akalkot I came over here as the Head Master of what is supposed to be one of the Oldest High

schools in Maharashtra. It is proposed to unveil the portrait of the late Mr-G. K. Gokhale, who was a distinguished Rajaramian like his friend the late Justice M. G. Ranade. I can't possibly think of a better person than your good self. The portrait will be unveiled on the 9th of February, which happens to be a Tuesday in the Palace Theatre. I am going to ask Mr. A. N. Mitchell I.C.S. to

RAJARAM HIGH SCHOOL,

preside at the function. You will, of course, be entertained as a first class guest by the State & I would request you to set aside two days the 19th & 20th for your stay in Kolhapur, which has made wonderful progress during the short Regency period. My idea in requesting you to stay in Kolhapur for a couple of days is

enable you to see with
your own eyes the various
aspects of Kolhapur ten
years hence. Thanks
to the careful planning
of Mr. J. P. Naik, about
which you might have

There is plenty of time

not disappoint us.

SHAILASHREE PALACE
BALANGIR
Dated the 12th Jan. 19 46.

Dear Dr. Jayakar,

An Institution named Koshal Kala Mandal, for the promotion of cultural and social activities in these parts, has been organised and is to be inaugurated on the 15th February 1946 at Balangir the Capital of Patna State. In this connection an Industrial & Agricultural Exhibition has also been arranged.

Your contribution to culture is well known and we would deem it a proud privilege, if you will grace the occasion with your kind presence and deliver an address at the inaugural function. An extract, detailing the aims and objects of the Association from the prospectus which is under print, is enclosed herewith from which you will find that the Association deserves your patronage. Permit me to add, that the very facts that these parts are culturally backward and that the Institution, in question, is a new and insignificant one - at least for the present would seem to entitle us to your generous sympathy and support. I am sure, you will be gracious enough to accept our invitation and in case, however, it is not possible to do so, at least, favour us with a message for the occasion.

An early reply will be highly appreciated.

Yours sincerely

Maharaja of Patna.

The motto of the Association is 'सत्यं शिवं सुन्दरम्' (Truth, Weal and Beauty). Promotion of these ideals in all spheres of life shall therefore be the main object of the Association. Conversely, all that is false, amoral, asocial or ugly shall be abhorrent to the Association and therefore, it will exert its utmost for their removal from the life of the State, in whatever sphere they may exist. While the main objects of the Association are necessarily universal and international in character, its immediate scope of activities as its very name implies will be confined to the Koshal tract in general and Patna State in particular. The Koshala Kala Mandal being essentially a Cultural Association, all branches of culture of Koshal will receive its attention.

xx xxx xx

The aims and objects of the Koshala Kala Mandal shall therefore be :-

(1) To set up an organization which will be able to properly carry out its objects of raising the physical, intellectual and moral standard of the people and of promoting all artistic, sporting and cultural movements, arising out of the spiritual needs of the people.
(2) To supplement State effort in the promotion of cultural activities.
(3) To raise funds for the purposes of the Association.
(4) To try and remove ugliness, falsehood and avoidable sufferings which are abhorrent to its motto from all spheres and all places in the State.
(5) To provide club and recreational facilities to its members.
(6) To organize and develop Physical culture, Athletics and sports.
(7) To organize and develop different kinds of Games.
(8) To organize and develop Music.
(9) To organize and develop the Histrionic Art (Drama).
(10) To organize and develop Dancing (classical and folk).
(11) To organize and develop other Arts and crafts.
(12) To organize and develop literature and arrange lectures, debates, essay, poetry and literary competitions.
(13) To arrange Exhibitions and Fairs, and organize systematic observance of religious and civic festivals, excursions and camps.
(14) To organize research into different branches of culture and objects of arts to collect manuscripts, paintings, photographs and publish Magazines and books.
(15) To run tournaments and competitions.
(16) To arrange trainers and provide training facilities.
(17) To organize and extend the Library Movement, promote Literacy and Adult Education.
(18) To organize and run Volunteers Corps, Orphanages, Beggar homes, homes for destitutes and carry on other social service works.
(19) To educate public opinion how best to enjoy leisure in healthful recreation, hobbies and other cultural pursuits and how to avoid idleness and vice and to encourage healthy recreation, pastimes and hobbies.
(20) To open branches throughout the State for the widespread promotion of its aims and objects.
(21) To promote all branches of culture.

xx xxx xx

19. We seem to have forgotten the art of enjoying life in these days. Life is either too fast or too dull. We seem to have forgotten that the soul needs food for its sustenance as much as the body. We seem not to realize that true happiness comes from healthy gratification of the senses through creative activities. We have forgotten that true happiness, true gratification, true enjoyment of leisure is an Art. Therefore, we find life dull. Therefore we have lost the harmony between mind and body. Man can never be happy by mere animal existence. His spiritual needs must also be gratified through cultural activities. If we want to become true men, if we want to make our Nation healthy, prosperous and happy, we must not only create facilities for the physical and spiritual needs of the people, but also educate them in the art of enjoying healthful life. The Kala Mandal will therefore not remain content with provision of cultural facilities nor with the encouragement and extension of its activities only, but will also educate public opinion against idleness and vice, and in the beneficial health giving qualities of recreation, hobbies and pastimes and in the art of enjoying leisure, by all possible means at its disposal.

xx xxx xx

21. Culture is so vast and limitless, that it is impossible to enumerate all its branches exhaustively. The Kala Mandal will carry on and promote all other branches of culture which are not covered specifically in the description of its aims and objects. In all its activities the Koshala Kala Mandal will strive for the maintenance of the individuality and distinctiveness of the Culture of Koshala.

Dear Sir,

I thank you very much for your kind letter of the 20th, which reached me a few minutes ago. May I express my appreciation for your effort, which, if successful, will achieve a great social purpose in the northern parts of Bombay. As for my presiding at the inaugural function, I am leaving Bombay tomorrow and will be absent for some days and all my weekends are engaged right up to the first week of March. So it will be difficult for me to accept your invitation for an early date, as you seem to be anxious to celebrate the function without unnecessary delay.

REPORT

of the

Activities of the Association

A purely 'scientific' Association which was started in Baroda some ten years ago, was further developed in the beginning of the year 1944 with the addition of the 'artistic' side to the activities in the name of "Art & Science Association, Baroda."

The aims and activities of the Association, as indicated in the Memorandum, have been planned to provide, to the members in particular and to the public in general, up-to-date knowledge of all Arts and Sciences by ways and means which will be easily intelligible to the lay men.

A modest beginning was made in the month of May by some enthusiastic persons from Kala-Bhavan, and out of the members joined the Association, the following were elected as the Office Bearers for the year 1944 :

Prof. N. P. Joshi, B. E., A. M. I. E.,	Chairman,
Mr. G. K. Paknikar, G. D. Arch., A.I.I.A.	Jt. Hon. Secretaries
Mr. N. B. Joglekar, A. M.	
Mr. K. A. Damle, B. sc.	Hon. Treasurer

Activities on a large scale were, however, started in the month of July and the following programme was successfully carried out in the year :

(1) Members' visit to the Technological Institute, Baroda, with a view to study the scientific experiments carried out in the laboratories under the direction of Dr. C. S. Patel, Director of the Technological Institute.

(2) Members' visit to the Baroda Picture Gallery with a view to study the European Paintings from the Artists' viewpoints explained by Dr. Hermann Goetz, Curator, Baroda Museum and Picture Gallery.

(3) Public lecture by Jyotishacharya Vidyavachaspati Sjt. D. N. Apte, B. A. LL. B., on " Indian Culture–A Synthesis ", under the Presidentship of Rajya-Ratna S. V. Mukerjea, Senior Councillor, Baroda State.

(4) Public lecture with lantern slides by Rao Bahadur K. N. Dikshit, M. A., Ex-Director General of Archaelogy in India, on " Review of Indian Art through the Ages " under the Presidentship of Rajya-Ratna B. K. Bhate, Special Officer, Baroda State. This was arranged under the joint auspices of this Association and Saha Vicharini Sabha, Baroda.

The next important activity taken in hand by the Association was the 'Art & Industrial Exhibition' the report of which has been published on page 5. The Association proposes to hold such or bigger exhibitions every year during the Birthday week of His Highness the Maharaja of Baroda.

We are very grateful to Rajya-Ratna S. V. Mukerjea saheb and Rajya-Ratna B. K. Bhate saheb for the keen interest they have shown in the activities of the Association.

We are thankful to Rao Bahadur K. N. Dikshit for addressing the Association as a "Unique one in India" and expressing encouraging words about the work of the Association.

We thank Dr. C. S. Patel, Dr. Herman Goetz, Sjt. D. N. Apte and all other members who offered their valuable co-operation in the activities of the Association.

THE ASSOCIATION OF INDIAN CULTURE

Office of the General Secretary.
3B, NAKULESWAR BHATTACHARJEE LANE.
KALIGHAT. CALCUTTA.

Ref...CUC/I8.

Dear Dr.Jayakar,

Our previous letter to you and your wife 7.2.46. under the care of Puspa,Gulistan,Khar,Bombay 2I inviting you and Mrs. Jayakar might have been received by you by this time.This morning I have received another letter from the Rt.Hon'ble Sir Tej Bahadur Sapru expressing his inability to preside over the Sixth session of The All-India Cultural Unity Conference to be held in Calcutta on 9th,I0th and IIth March,I946 due to bad health.He has however requested me to invite you(which I have already done) to preside over the Conference session and has authorised me to write to you to this effect that at his instance I am writing to you. As you fully realise my unenviable position of the Hony.General Secretary of this momentous session,unable to find a President,on behalf of the Conference with all the fervour that I can command,I appeal to you to see your way to accept our invitation of presiding over the General Section and pursuade Mrs.Jayakar to preside over the Women's Section and thus give the country groping in darkness a true and correct lead which it so badly needs. Sir Tej would have certainly accepted our invitation as would appear from the long file of our corrspondence but for the sad fact of his keeping very indifferent health and it would be in the fitness of things if you ,at his request and instance,accept our invitation and set at rest our wild speculations. We are quite at a loss what to do if we do not get you to preside over the Conference as the Country wants men like Sir Tej, you and others who can righly lead the country. Our grief would be all the more as inability on your part would dash our hopes to the ground and might jeopardise the cause of Indian Culture and cultural unity which we all hold so dear and sacred.

On behalf of the Conference and the members of the Committee I once more appeal to you and Mrs.Jayakar to come to Calcutta for a few days(three days only) and preside over the Conference session and Women's section respectively) and for which we as well as your poor country will ever remain grateful to you for espousing her cause and for honestly attempting to find out ways and means for liquidating communalism once for all.

Thanking you heartily and awaiting your kind and prompt acceptance of our invitation by signifying your consent by telegraphic message.

Yours sincerely,
S C Banerji.

INVITATION TO WRITE

My dear Sir,

I hope you remember your flying visit to my house at Jalgaon with Barrister Mulgaonkar on June 20, 1945, on your return journey from Amalner, where you had been for the Opening Ceremony of the X Pratap College. At that time we had a discussion about the Manuscript of "The Life of Peshwa Baji Rao I" by my learned Uncle, the late Muntazim Bahadur M.W.Burway, the well known Histo--rian and Philosopher of Indore. I could not send this -book to press so far owing to scarcity of paper. But now I intend to publish it in about November or December of this year.

When you were with me on June 20, 1945, we had a discussion as to which part of India will possibly -achieve independence first and I placed before you my -views on the point on the background of Indian History generally and Maratha History particularly and that -pointed to the conclusion that it would be Maharashtra which would achieve that independence for our country. You agreed with my views entirely and you were pleased to say further that those were also your views. From a perusal of my Uncle's "Life of Peshwa Bajirao I" you will arrive at the same conclusion.

I, therefore, want a scholar who will insi--nuate these views in his fascinating language in an in--troduction to this Magnum Opus of the late Mr. Burway. I find no other scholar who will do this task better than yourself. May I therefore crave the indulgence of your -kindness for me and request you to write ~~to~~ an introduc--tion to this book? It will not take you more than 2 or 3 days to read this Manuscript. If you like I shall my--self read it to you and you may then dictate to me the Introduction to this Book. I also request you to give me a copy of your best photograph which I wish to publish along with your Introduction. I know you are in indiffe--rent health. But in the cause of Maratha History I do request you to favour me with your Introduction. I shall come to Bombay any time you are pleased to call me there

Please remember me to Barrister Mulgaonkar and to my old friend Mr. Karve who is for the present ~~reading~~ very critically all your files.

With best respects,

P.T.O. for reply

Dear Mr. Burway,

I got your letter on my return this morning from Poona, where I had gone to attend a meeting convened by the Bombay Government in connection with the Maharashtra University. I am glad to read that your manuscript is now ready. I am delighted at your invitation to write an 'introduction'. But, an 'introduction', as commonly understood, involves a close study of the entire manuscript from beginning to end. I regret that, in my present pressing pre-occupations, I have no time to undertake such laborious work, but, as a token of my esteem for your uncle and in response to your great affection for him, I shall agree to write a short 'foreword' (not an introduction) to your book, if you will kindly send me a very short summary of the contents of the book, on which my 'foreword' can be based. My hands at present are very full of urgent and pressing public work and I regret that it is not possible to do anything more. I hope you will understand.

Yours sincerely

Respected Sir,

We the Civil Judge and members of the Junnar Bar earnestly desire a message to be read on this solemn occasion. We know your relations with late Mr.D.D.Nanavati particularly in the last days of his life while the Deccan College Trust case was going on at Poona and you must have many memories of the great Judge and the patriot. Please write a few of them if possible and we shall be grateful for this act of kindness.

Dear Mr. Joglekar,

I got your letter of invitation on my return to Bombay this morning from Poona, where I had gone to attend a meeting convened by the Government in connection with the Maharashtra University. I am sorry, therefore, I could not send you an appropriate message in time for the occasion.

I am glad that, though somewhat late, you have paid the just tribute of esteem to the memory of Mr. Manavati, whose death was somewhat tragic after his [illegible] decision in the Deccan College case. I hope the portrait will always inspire the whole Bar with the ideals for which Manavati stood during his career, cut short, as it was, by premature death.

Yours sincerely

The Cabinet Ministers are expected in India within a fortnight. As they are expected to carry out negotiations of momentous importance it would be invaluable if you could write a short article expressing your point of view regarding India's constitutional settlement.

The article will appear throughout India in all the languages. We should be obliged if you send your contribution at the very earliest. The article should be between 1500 to 2000 words in length. The Syndicate would be glad to pay Rs. 100/- , or as arranged should you consider payment.

My dear Mrs. Kusum Nair,

I was very pleased to get a letter from you after such a long time and to note that you are prospering. I regret that, for want of time, I cannot comply with your request to write a short article expressing my point of view regarding India's constitutional settlement in connection with the impending visit of the Cabinet Ministers to India. I would certainly have done so, if I had the time. But my hands are so full at present that I cannot find sufficient leisure.

Dear Sir,

I have received your letter of the 28th. I have not the pleasure of knowing you personally. So, I cannot agree to your request immediately. I would like to know something more about it before I say yes. At present there is very heavy pressure on my time and energy and I cannot undertake to do anything unless I think that the occasion is suitable. To write a foreword is not always easy, because it means reading the contents of the book, for which unfortunately I have very little time at present. However, I do not wish to disappoint you and will be glad to meet you by appointment. I may be leaving for Delhi within the next few days. But, on my return some time after the middle of April, I shall be glad to meet you if you will write or phone and fix up an appointment.

Dear Sir,

My collection of poems will shortly be published here and if paper conditions permit it, I hope that the book will come out later in England. I will be most honoured if you can very kindly contribute a Foreword to it. May I send you the typescript or may I see you with it personally at any place and time suitable to you? I can also send you with the typescript extracts of opinions from various well known men and women.

I hope you will very graciously consent to write a Foreword for my book. However short it may be, I would so appreciate getting one from you. You take such interest in art, music and culture and if one so distinguished and

scholarly like yourself would so kindly contribute a Fore
word for my book, I would indeed feel most gratified. I m

Will you please let me know whether I should send on

Dear Sir,

We are inaugurating a series of books called 'Studies in Indian Politics'.

The books will be critical and intensive studies of some aspect of Indian Politics in its historical or current context. Our policy in publishing them is non-Doctrinaire, non-party but essentially Progressive.

The Mss should be of 15 to 20 thousand words. We shall be glad to have a book from you on any of the subjects chosen by you. We would expect the MSS final for Press any time during the course of this year. But we should request you to inform us the subject you are taking in order to avaoid overlapping.

Our terms will vary according to subjects but for you it will be 20% on Sales.

Please give one book to start with. We have already secured books by Acharya Kripalani, Dr. P.Seetharamiya, Brailsford and others.

We also suggest another small book to you. It is 'What is wrong with Indian Political Life'. You are one of the few who have a detached view of Indian Politics and you can write it from a higher standpoint. It should be about 20 thousand words and you can take your time for writing it.

Please consider our proposals and inform us.

Yours faithfully,

M.R.Vora

My Dear Shriyut Jaykar Saheb,

Mr. Vora, the writer of this letter, is my brother-in-law about whom, and about whose publications I spoke to you the other day at the dinner; I shall feel obliged if you can write a book of the suggested above.

Please excuse trouble.

Dear Dr. Jayakar,

As I had told you in my earlier communication from Benaras, I have come down to Nagpur as the Principal of the Govindram Seksaria College of Commerce and Economics as from the beginning of this session.

The Hon.Mr. Justice W.R.Puranik our Vice-Chancellor asked me,the other day, whether I could suggest the name of some eminent statesman whom I knew personally and who could be approached to perform the inaugural of the newly-opened Post-Graduate Institute of Political Science of which Prof. S.V.Pantambekar, who too, like me,has come to Nagpur from this year, happens to be the head. Political Science Department, I suppose you know, has been started this year in memory of the late Dr. Raghavendrarao.

The Vice-Chancellor, no doubt, will extend an official invitation to you. But he asked me also to intimate this to you personally as soon as possible.

Hope Vikram Phyllis and Jaipal are in good health.

espected Sir,

Although we do not know you personally, even yet ithout any intermediary influence we approach you with due pologies, on a subject which needs your whole hearted support nd co-operation.

The Film Industry has today become one of the fabulous industries of the world and is credited with being the eighteth largest industry and it is, therefore, no exaggera-tion in stating that a well established film industry today can be considered as a great NATIONAL ASSET.

Although the film industry in this country is attracting an ever widening stream of capital, yet the number of films that emerge from the Indian Studios do not touch even the outer fringes of the entertainment and instructional needs of the country and this all accounts for their present unorganised state, inadequate facilities, lack of planned production, inefficent staff and incomplete management.

The exhibition of foreign pictures in India, represents an enormous drain- how enormous, very few in this country dare to see. Distributors in foreign lands are clamouring for Indian Pictures as the millions who hunger for the truth about India; and that millions the world over, desire to know India through a picturised medium; and this can be irrefutably evidenced by the fact of the increasing number of pictures with Indian themes, that Western Producers are placing on the market.

P.T.O.

Please note that all offers, quotations, contracts for the sale or delivery of goods are subject to our usual conditions of sale

The above statements carry with them a vital justification for the advent of yet an other Company, designed to engage itself in film production which can successfully stand on a level of equality with imported films and satisfy the tastes and expectations with regard to standard and quality of those among the cinema goers of this country, whose patronage is exclusively bestowed on theatres that do not show Indian films. This line of cinema enterprise besides being eminently profit bearing is definitely a NATIONAL SERVICE.- Indian culture needing effective advertisement on the International plane as a helpmate to her political struggle.

Plans are ready for the undertaking of starting a Public Limited Liability Co., under the name and style of " ORIENTAL STUDIOS LIMITED ", and the promotors who possess unique experience in this line hope to produce 40 full.length,entertainment pictures, 52 Newsreels, 120 Shorts (both visual and educational) besides 10 Shorts for Scientific purposes annualy.

In the intrest and the security of the investor in general and with our dominating influence to have a countrywide support and co-operation in particular, we most humbly and respectfully beg to request you to stand as one of the DIRECTOR on the Board of Directorate and thereby through the media of this Company make this industry a great NATIONAL ASSET.

The DIRECTORS shall have the entire control, general conduct and management of the business and the other affairs of the Co., and the qualification of a DIRECTOR other than an EX-OFFICIO DIRECTOR shall be the holding of the shares of the nominal value of Rs 5000/- in his own name. As provided by the Articles of the Company a reasonable travelling allowance will also be allowed to any DIRECTOR who is not a bona fide resident of Bombay for purposes of attending a Board Meeting in addition to his fees for attending such meeting.

Hence it will be a matter of great pleasure for us to have you amidst us as one of the DIRECTOR on the Board of the Co., and the undersigned will see you personally to acquaint you with all the further details immediately on your confirming the said arrangement.

From the name and style of the Promotor's Company, it might appear to be a foreign one, but the Proprietorship of it today is purely National in character.

While hoping to be solicited with the favour of an early reply, we remain, in the mean time,

Cordially yours
For Williams Woodworth & Henderson

August 4, 1946.

My dear Mr. Puranik,

I duly received your cable in London. But, as I was reaching India shortly after its receipt, I did not wire a reply back to you. I left London on Thursday last and reached Bombay yesterday, Saturday evening.

I thank you very much for your kind invitation to preside at the function mentioned in your cable, but I fear that it will not be possible to find the time because, from information received on my reaching Bombay yesterday, I find that it is likely that I may be busy with the work of constitution making, which may go on for a long period. If so, it will not be possible for me to find the time to attend to the function to which you have so kindly invited me. I fear, therefore, that it is not possible under present circumstances to accept your kind invitation and I hope that you will please forgive me for my inability to do so.

Yours sincerely

THE BOMBAY DISCUSSION GROUP

Statement made by one of the conveners, Dr. J. F. Bulsara, at the inaugural meeting of the Group held on 24-11-1943 under the Chairmanship of Mr. B. J. Wadi

The Chairman has already partly explained to you the main object of establishing the Bombay Discussion Group and the Memorandum forwarded to you further explains the general basis on which the Group is proposed to function.

Very briefly stated, the main objective is the discussion of important problems of national and international life and relationships inclusive of questions bearing on sociology, social philosophy, politics, economics, science, religion and practical administration. No subject is intended to be barred from discussion. But the essential point is that the Group will not embark on publicity, its meetings will be close meetings open only to members and their intimate friends, who have been previously informed of the objects for which the Group stands, and the discussions will be free, frank and outspoken. And in order that they may be really so, members of the Group will be by honour bound to respect the cardinal condition of not carrying members' views about and putting any member in an embarrassing position. We, of different views, persuasions and creeds can come together in such a group association on such a very clear understanding of playing the game, and I am glad to say that all the 45 members who have declared their intention to join the Group have agreed to abide by this principle. It may be stated that the tenor of our discussions will tend to be free, frank, and outspoken, and we will be able to understand one another's viewpoints only as much as each one of us adheres to this important feature of the Group membership.

We come together in a Group knowing full well that many of us hold views of our own on various problems of everyday life—social, political, economic, religious and cultural. We come together in the fullest understanding that not only do we not mind these differences of views and opinions, but we welcome a free exchange thereof in a spirit of goodwill, friendship and understanding. The spirit of give and take, and the expression of our views or criticism of other people's views, quite outspokenly but in the language of due decorum and respect for the speakers or our fellow members, will evoke that atmosphere of candour which alone will ultimately make our discussions worthwhile.

Some have naturally asked as to whether such a Group will function long, will fill any need and will lead to any truly beneficial results. To them I can only say that the Group is free and its destiny will be in the hands of each individual member. It will contribute as much as each member is willing to put of his best into it. It is not bound by a circumscribing creed and its main function is systematic thinking, study and self-enlightenment through a mutual exchange of views, knowledge and experience.

It will be seen by the members themselves that the Group does not deteriorate into a mere *talk shop* or centre for desultory discussions. The Executive Committee will have to see to it in arranging the Quarterly Programme of discussions that attention is focussed during the month, two months or quarter on specific important problems either of topical interest and value or of a more permanent significance, and that the arrangement of discussions has some coherence and thought given to it. Speakers will be selected both from among the members and outsiders. But in the selection of membership we have tried, as far as possible, to discard mere *listeners*. We would like that each member pools his weight, takes the Group seriosly and contributes to its pool of thinking and study. We expect each one to speak on the subject of his choice or study and take part in discussions where he thinks he can be of help.

This brings me to the subject of membership. I have already hinted that we have invited men and women holding different views and belonging to various political persuasions. They belong to all nationalities. There is no bar to membership because of one's affiliations, except that it is limited at present to 100 at the most, so as not to make the Group unwieldy and destroy the atmosphere of intimacy which is very necessary to achieve the object in view, namely a free and candid discussion of worthwhile subjects. The basis of selection, kept in view by the conveners has been that the selected lady or gentleman has a broad, liberal outlook, a certain intellectual attainment and a cultural background, is not fanatical in holding to any creed to the point of excluding all others even from consideration, and will thus generally fit in the Group membership. We expect to keep the same basis of selection for membership. New members will be proposed by a proposing and seconding member of the Group and the final decision for selection to membership will be with the Executive Committee if the general body of members agree.

Some gentlemen have expressed a wish that their wives also should have been invited to become members. The conveners thought about this and in view of the fact that the

membership would thus be limited by nearly 50 out of a maximum of 100, they decided that unless the wife can be invited to be a member on her own, it would not be advisable to include her as a member as a matter of course. But members can bring their wives as guests on conditions that will be laid down by the general body when the Constitution is passed by it.

There is one more aspect of the Group membership referred to in the Memorandum, namely, that in order to help a free exchange of views and more sincere discussion, and create that atmosphere of candour and friendliness about the Group membership as a whole, members will try and make it a point to know one another more intimately. This may be encouraged by the Group as a whole arranging periodic social functions, such as, a tea, lunch, dinner, picnic, ramble or retreat—making them as informal as possible. This is, however, a somewhat delicate subject to speak on. The Group does not intend to base its membership on false or enforced sentiments. It is desirable to have the utmost spontaneity and genuineness about our inter-member relationships. It is admitted that individual members will try to propose as members of the Group the friends they know well. There will naturally be more friendliness between some and less between others. We do not propose to make the Group a so-called BROTHERHOOD of friendly souls met in a pious assembly to achieve an evangelic purpose. We know the Group is deliberately formed of diverse minds and personalities, each of whom holds views of his or her own and which we do not desire as a Group to alter to our own or to a common ideal. We would like our members to feel free from any creed or dogma *vis-a-vis* the Group membership. But individuals and personalities of such diverse character, deciding to come together in common association, for even such a colourless object as free and frank discussion of problems of national and international life and significance, should have something in common, even if that common purpose is spontaneous and voluntary and not enforced. That is *loyalty* to the Group and its objects, and it need not be stressed here that the Group in its ultimate analysis is made up of individual members, and each one of us therefore owes a certain loyalty to one another and will exercise a certain restraint regarding our feelings in the treatment of our fellow members. What the member is to the Group inside and outside it, and what he contributes to the achievement of its objective of systematic thought and study is our concern: what he is and does outside the Group is his. I do hope this does not sound like a sermon, which it is not intended to be.

Some have expressed an apprehension that the Group may run the risk of domination by a coterie or of being pulled in one direction or viewpoint in preference to another. I may very succinctly say that the conveners have no such aim in view. They have deliberately tried their best to avoid it and those who have understood the spirit actuating the formation of the Group will realise that such a move or thought on the part of any member or caucus of members cannot but be diametrically opposed to the real aim of the Group, and that those who try to do so cannot claim to be loyal or sincere members of the Group. The Executive Committee will be only responsible for the framing of the quarterly programme of discussions, bearing in mind certain points about the choice of subjects and speakers as mentioned above. Its task will then be over and the subjects of discussion will be in the hands of the House, which, moreover, will have an opportunity of giving a lead or guidance to the Executive Committee regarding the Programme of discussions and speakers at least once every quarter. If others agree, I would suggest that two members of the General Body may be invited in rotation as onlookers to each meeting of the Executive Committee to be held once in two months, so that they may incidentally prepare for serving on the Executive Committee next year. There will be a President of the Group appointed to hold office generally for one year only, and he or she will preside at the meetings of the Executive Committee, but different members of the Group will be called upon to take the Chair at the fortnightly meetings according to the subject of discussion on the day in question.

I may finally say that we had invited about 95 men and women to become members. About 45 have responded to enlist, and I would propose that those of you who have anything to say about the objects and constitution of the Grcup or to offer any remarks or suggestions may please do so without hesitation. Thereafter it is proposed to appoint a small Committee of five members to draw up a Constitution of the Group keeping the broad basis of the Memorandum in view. If any of you have any questions to ask for elucidation, myself or fellow-conveners of the meeting will be glad to answer them as far as possible.

Dear Dr. Jayakar,

I am sending you herewith for your information a copy of the Memorandum which will give you some idea of the activities of the Bombay Discussion Group. I may state for your information that we are a closed Group and our meetings are open only to members and their friends under certain restrictions. We do not give any publicity either to our meetings or to the talks, so that an atmosphere of candour may be maintained and members be able to speak out their mind frankly and outspokenly.

I also enclose herewith Notices of the last two meetings for your information and would request you kindly to speak to our Group on any subject of general interest to the country on Monday the 2nd, 16th or 23rd September 1946, whichever may be suitable to you.

A reply at your earliest will be very helpful to us. We are having our next meeting on the 19th inst. and we can then announce the date and subject of your meeting.

Dear Dr. Jayakar

Some enterprising members of our Bar have decided to start a Quarterly Law Review on the lines of the English Law Quarterly Review. It is our duty to encourage these gentlemen and to all that we can to make the venture a success. It can never be a real success unless we get the willing co-operation of the eminent jurists and leaders of the profession in the different provinces of India. I have promised to be a member of the Advisory Board and at my request Mr. P. R. Das has joined. Our Advocate General Sir Sudhangsu Mohan Bose, and other leaders of the Calcutta Bar have also agreed to join.

I should be deeply obliged if you would honour us with the association of your name and encourage the sponsors of the scheme with your valuable advice and guidance and if possible with an article on some subject which you deem suitable. I am enclosing a letter from the Editor.

Dear Sir,

I am in receipt of your letter No.G2-304/46-47, dated the 21st, inviting me to deliver a course of two lectures at Mysore, under the Memorial Endowment mentioned in your letter. I would be most happy to accept the invitation, but my difficulty is that there is a possibility of my being elected to be a member of the Constitution-making Body on behalf of the Government of Bombay and, if this happens, I shall have to remain in Delhi for a fairly long time in connection with the duties of that office. The duration of the stay at Delhi is at present extremely uncertain and I regret,

Resolution No.2.

"That this Public Meeting of the citizens of Bombay places on record its profound sorrow at the sad death of Sjt. Bhulabhai J. Desai. Sjt. Bhulabhai's death has deprived the country of the services and guidance of a patriot and a statesman of a very high order. His versatility, forensic skill, persuasive eloquence and power of organisation were harnessed to the full advantage of the country during his eventful political and public career. As Leader of the Opposition in the Central Legislative Assembly for a period of nearly ten years, he played an important part in shaping and regulating the Parliamentary activities of the country. His services to the nation in the I.N.A. Trial will find a permanent place in the history of the country. His death at this juncture, when constitutional changes of a far-reaching character are underway, has left a void difficult to fill".

My dear Babasaheb,

As the accompanying invitation indicates we are celebrating the 125th anniversary of the original foundation of this Institute on Saturday the 5th of October 1946 at 5.p.m. in our temporary premises. I write this to request you personally to grace the occasion with your presence and to participate in the function.

Our only regret is that the function has to be celebrated in this temporary location and at such a short notice. The Institute has commemorated this anniversary by inaugurating three new series of publications: Monographs, Dissertations and Handbooks. I am sending under separate registered cover the first publications under Monographs and Dissertations which I hope will meet with your approval.

I strongly hope that despite this short notice you will kindly make it convenient to be present here on this historic occasion.

Sir,

I have the honour to request you on behalf of the Shikshan Mandal, Karad, to preside over its silver jubilee function which will be celebrated by the end of October or at any time in November as suits your convenience.

The Shikshan Mandal, Karad is an education-society established in 1921 to perpetuate the memory of the Late Lokamanya Tilak by the spread of education with national fervour in it. The society first started The Tilak High School in 1921. The school is affiliated to the University of Bombay. Besides completing the regular course of studies for the Matriculation examination, the institution from the very beginning has been paying special attention to the physical education long before the University took a step in that direction. Religious education also forms an important part of our curriculum and national spirit is fostered by celebration of national festivals , particularly the anniversary of the Late Lok. Tilak's death, when elocution and essay competitions are held, in connection with the teachings and philosophy of the departed leader.

The Tilak High School has completed its 25 years in April 1946. But we have decided to celebrated the jubilee after the rainy-season this year. On this occasion we have resolved to open a branch of commerce education in our institution.

The Kanya Shala, started by our Mandal six years ago, will, on this occasion, be made a full fledged High School, with an objective to enable its students to rise to the full stature of Indian womanhood.

I look to you and approach you as the most eminent educationist and leading national personality of our time, with a request to preside on this occasion, and guide us in our undertakings. I know that various activities and engagements of wider concern must be pressing on you, but what else can make a small institutions great if not the direct inspiration from, and the blessings of a mighty and towering personality like yours?

The month and day for the celebration will be fixed according to your convenience. I earnestly request you on behalf of the Shikshan Mandal to favour us by accepting our invitation. I wish to see you personally, but am unable to do so immediately owing to ill-health. If I wait till I am able to make a personal approach, it may not give you sufficient time to adjust your engagements. I am relying on your acceptance. Please do not disappoint, but kindly send a favourable reply and oblige. Hoping to be excused for the trouble,

INVITATION.

October 8, 1946.

G.S. Altekar, Esq., M.A., LL.B.,
Chairman, Sikshan Mandal,
Karad.

Dear Sir,

I thank you for your letter No.19 of the 4th from Karad, very kindly inviting me to preside over the Silver Jubilee function of the Sikshan Mandal High School. I would have been most happy to do so but for the difficulties mentioned below. Perhaps you are not aware that I underwent an operation a few weeks ago and had to remain in an hospital and thereafter in bed at my own home up to two days ago. I have just been permitted to walk about a little and have to remain in bed for most of the time in order to hasten my full restoration to health. I am advised after this long illness to leave Bombay for a change, which seems to be absolutely necessary under present circumstances. Most of the period after Divali, up to the end of November, will be taken up by this period of rest and, by the time I am free from the claims of that interval, I shall be required to go to Delhi to be in time for the session of the Convention, which is proposed to be held there on or about the 4th of December, to consider the ways and means of raising the question of linguistic

Provinces before the Constituent Assembly. You know that Maharashtra is keenly interested in this question and will have to take counsel with other groups in India, having similar ambitions. It is necessary for me, as a member of the Constituent Assembly and also as the Chairman of the local Maharashtra Committee for the consideration of Maharashtra unification, to be present at this Delhi Convention, which will go on perhaps up to the very eve of the Constituent Assembly's session, which is at present timed to meet on the 9th of December. How long the Constituent Assembly's session will take, it is difficult to say. It may be months, it may be a year.

This is a rough sketch of my future programme, which I have stated in some detail for your consideration in order to make clear my difficulties in accepting your kind invitation, despite my best wishes to be useful to you. I have heard of the good work done by your High School, but, under present circumstances, you must give the honour of presiding to some-one else with more leisure on his hands.

If I am not making a mistake, I think I had the pleasure of meeting you a few days after the unfortunate death of Dr. Edgaokar.

This fact has added to your claims to have my participation in your pleasant functions. But, with all that, I find it difficult to accept your kind invitation and I hope that you and your colleagues will kindly excuse my inability.

Yours truly

October 22, 1946.

Dear Mr. Altekar,

Thank you for your letter of the 15th. I am grateful to you for your very kind sentiments. I am still troubled by my illness which is disappearing very slowly and I dare not undertake any duties which would take me out of Bombay just at present, as I am undergoing a continuous treatment. I am unable to say when will [illegible] during next December when the Constituent Assembly is proposed to be held. Probably it will spin it all out, if so, how long the work will continue and in what form. There are [illegible] at the present stage and it is difficult to anticipate what is likely to happen. So, I cannot say where I shall be during Christmas holidays. I have a standing invitation to go back to the work of the Judicial Committee of the Privy Council in London, where my colleagues want my presence whenever I can spare it to dispose of the accumulated appeals dealing with important questions of Hindu Law. But, until I see things more clearly before me as to what is going to happen in connection with the Constituent Assembly, I cannot take any decision. The same remark applies to your request. It is difficult to meet engagements at present, however pleasant their nature may be. As one advances in age, one has to be very careful in accepting public engagements. However, I am keeping your letter before me and, if I see beforehand a chance of meeting your wishes, I shall certainly do so.

as at present advised, the whole of my time from the middle of November seems to be occupied.

I am so glad to read all that you are doing for Dr. Udgaonkar's children. Pecuniary support for their education would not have helped much without affectionate relatives taking charge of them.

Yours sincerely

Dear Sir,

I was greatly pained to read your letter of 8th instant, which was received rather late owing to postal irregularity. I was not aware of the fact that you --- recently had to undergo an operation and lie in bed till the day of writing your reply. The necessity of this operation must have been a great source of trouble to you at this age, just as it has also been a --- matter of deep concern and anxiety to me and other innumerable admirers and ---- friends of yours. I pray for your ----- complete recovery & speedy restoration to full health.

I would not like to trouble you in this state of your health when more ---- important and crowded programme is ---- waiting for your attention. From what I hear in our Congress Circle, the ------ responsibility of a very high place in

the constituent Assembly will devolve on your shoulders. But your very eminence draws me towards you. If you are leaving Bombay for a change to some place on this side and -- if it be not inconvenient and troublesome to you to come over here in the last week of November, please pardon me if I once -- again make the request to preside over our function. I am willing to postpone our --- celebration even till the Christmas of this year if the Constituent Assembly is going to have those holidays and if you intend to come to Bombay by that time.

When we constructed the Assembly Hall of our High School in 1938, its opening --- ceremony was performed by Mr. B. G. Kher, who was also then the premier of our Province. For our Silver Jubilee we are looking to you as the veteran educationist and embodiment of Indian culture in this country. Nothing is farther from my mind than to trouble or embarass you. But if the place for change

of climate or the postponement of our celebration be in this respect suitable to you so as to reconsider your decision, kindly favour us by acceptance.

I was moved by your reference to the late Dr. Madhavrao Udgaonkar. The memory of his sad death is so painful to every body concerned that I refrained from making any allusion to it in my last letter. But as you could not withhold your feelings on that subject I would like to acquaint you with the events since the departure of the family from Bombay. All the children were with me in the summer vacation. As the youngest daughter and son would not stay here without their eldest sister and as the eldest had to go to Sangli for her College education, the three sisters with their youngest brother are now in Sangli with their cousin Dr. Krishnarao Udgaonkar. Dear Nilkanth, the second son of Madhavrao, has natural affinity

towards my youngest son and both of them study in the same class i. e. Standard IV of our High School. Besides being intelligent students in the Class ------ dear Nilkanth tops them all --- they are taking keen ---- interest in playing cricket & other games -- as well. Dear Bhalchandra, the eldest son of Dr. Madhavrao, has come here from Bombay for the October vacation. After their Terminal Examination next week, the children at ---- Sangli will also be coming here for the --- Divali Holidays.

I go to Sangli occasionally to see how they fare. My brother Dr. Anantrao from Benares had paid a flying visit to this --- place & sangli before proceeding to attend the oriental conferance at Nagpur. Both the brother and nephew of Dr. Madhavrao are ---- doing their best in taking care of the ---- bereaved children, and we too on our part try to do what we can. My brother and I are glad to know that the scheme which you --- contemplated when we met in Bombay has ----

Invitation

Respected Sir,

You may be interested to learn that our Company completed 50 years of its existence in August this year and the Board of Directors have decided to celebrate its 'Golden Jubilee' at the Head Office of the Company, Bharat Buildings, Lahore, in a befitting manner on 3rd of November, 1946, at 4 P.M.

The Company was floated by the late Lala Harkishen Lal as a protest against foreign exploitation and discrimination and the policy of the Company has throughout been guided by national interests. The management of the Company passed into the hands of Seth Ram Krishna Dalmia in 1936 and since then the Company has made remarkable progress.

I have to request you to kindly grace the occasion by your presence and lay us under a deep debt of gratitude.

If, however, you are unable to attend the function due to pre-occupation, we shall feel much obliged if you would be so kind as to send us a message for the occasion.

Thanking you,

Yours faithfully,

Dear Dr. Jayakar,

It is proposed by the Sardar Mujumdar Satkar Mandal, Poona, to celebrate the 61st birth-day of Sardar G. N. alias Abasaheb Mujumdar, C.I.E., of Poona, who has been working as you already know in several useful public institutions in and outside Poona for the last 36 years. His activities in several fields, especially in music, are well known. It is, therefore, thought fit to celebrate his 61st birth-day publicly in the last week of November 1946. The probable date of the main function is the 27th November.

It is the earnest wish of the said Mandal that you should kindly grace the occasion by presiding over it. In order to request you personally, we wish to see you as early as possible. You will please, therefore, let us know the time and day at which we should go to Bombay and see you for the purpose and oblige.

Yours faithfully,

CONFIDENTIAL

Dear Sir/Madam,

Re: **THE PROPOSED MYSORE 3% 1958 LOAN**

The Government of Mysore are issuing a three per cent loan repayable in January 1958, free of Income-Tax. The issue price will be two per cent premium, *i.e.*, at Rs. 102/-

The loan offers a very attractive investment for those seeking guilt-edged security. The popularity and the free marketability of Mysore Loans are too well-known to need special mention.

The relevant figures extracted below from the latest budgetory position of the Government of Mysore will show that the present loan is likely to prove a real boon to the investing public. Alike from the point of view of yield and chances of capital appreciation, it stands unique.

LIABILITIES		(In lacs of Rupees)	ASSETS		(In lacs of Rupees)
I.	Permanent Debt	1112·55	I.	**Cash and Investments :—**	
II.	Unfunded Debt	1099·23		(i) Cash balance and short-term investments	204·48
III.	Local and other Funds	380·66		(ii) Investment a/c ...	2102·09
IV.	Deposits	230·14		(iii) Advances for Food Supplies etc....	393·34
V.	Miscellaneous	153 60		(iv) Loans	51·28
				(v) Departmental balances	4·33
			II.	**Capital** ...	2535·58
		2976·18			**5291·10**

Excess of Assets over liabilities	...	**2314·92** lacs
Reserve and Depreciation Funds (liabilities not repayable)	...	1475·32
Net excess of Assets over liabilities		**839·60** lacs

In view of this excellent budgetory position, large and valued resources of the State, explored and unexplored, and the acredited administrative efficiency of the State Departments and other special and attractive features, there is naturally large and growing demand for the loan and telegraphic and telephonic requests for subscription are pouring in.

The list opens at 11 a.m. on the 25th of November 1946 and will close within an hour thereafter. We therefore advise our clients to forward to us early enough, their applications with a remittance by Bank Draft, payable at Bangalore, ~~in favour of the Bank of Mysore, Limited, or the Indian Bank, Limited, or in our favour~~, to enable us to have the same included in time before the subscription list closes.

Yours faithfully,

My dear Babasaheb,

Recently the Government of Bombay have passed two legislations viz. the Khoti Act and the New Tenancy Act, which have struck at the root of the proprietary rights of the land-lords of the Province of Bombay. The Government of Bombay have been contemplating to enact further legislation in this matter which may perhaps put a full stop to all the rights of the landlords. The present legislation has not in any manner ameliorated the lot of the poor agriculturist. It has only helped to accentuate the cleavages between the landlord and the tenant.

The landlords of the East Khandesh district have, therefore, decided to call in a Conference of the landlords of the Bombay Province at Jalgaon in the last week of January or the first week of February, 1947 (i.e. before the next Session of the Assembly) to protest against this new legislation and to press upon the Government the desirability of abolishing such a legislation.

Shrimant Pratap Shet of Amalner has kindly consented to be the Chairman of the Reception Committee. We need a powerful man in the Province to represent our grievances as the President of this Conference. The choice of the Conveners of the Conference has unanimously fallen upon Your Good Self and I have been asked to communicate with you in the matter with a request to let me know the time and the date when some of the Conveners propose to call upon you at your residence at the Malbar Hill and request you personally to accept our invitation.

We know you are very busy for the present with the affairs of the Constituent Assembly. But the present subject is also equally important in that it affects the whole of the Province of Bombay and we do hope and trust that you will be good enough to spare some time for this valuable cause also. I request you, therefore, to be pleased to let me have your reply as soon as possible.

Kindly convey my best compliments to Mr. Mulgaonkar.

With best respects,

I am,
Yours sincerely,

Respected Sir,

I have the great honour of communicating to you the decision of the Managing Committee to invite you to address the Annual Social of the Indian Institute of Science, Bangalore, to be held on the 10th of March 1947. It is quite in the fitness of things that at a time when we are on the thresh hold of independence, there should be a general desire on the part of the members who hail from all parts of India, to know what the House of independence would be like, and it is only natural that they would like to know something first hand from one of the greatest architects in the line.

We hope, that you will kindly accept this invitation and let us know your decision at your earliest possible convenience. If the date fixed for the Social is not convenient for you, please let us know if some other date near about the 10th of March will be acceptable to you.

We shall wait for an early reply.

Thanking you,

I am very grateful to you for your letter of the 24th and your invitation that I should address the annual social gathering of your Gymkhana to be held on the 10th of March. I regret that it is not possible for me to accede to your request, because for the whole of March and some weeks thereafter, I expect to be busy with important public work and will not be able to spare the time. My dear Dr.Jayakar,

I am writing to request you to do me a favour.

You might know that my professional services are retained by a number of leading companies in South India. I have specialised in Company Law. I find that the promoters of a Company, persons in the management of the affairs of a Company (including Directors, Managing Agents and Managers), applicants for shares, members, creditors and contributories, are not generally conversant with the provisions of the Indian Companies Act, which they ought to know. In order to assist these persons, I have written a small book called the "READY REFERENCER ON COMPANY LAW", which deals with the provisions of the Indian Companies Act from the point of view of these persons.

I am writing to request you to be so good as to write a ~~fore~~word to this book. Nobody else in India has reached your eminence as a lawyer and a Judge and I am keen to have a foreword from your pen. I know you are frightfully busy, but I also know that you will never refuse a request from one who is a good friend and an admirer.

If you kindly read the preface and the introduction and skip through the head notes which I have given for almost every paragraph, you will have a grasp of the scheme and contents of the book and it might not take much of your time to write a foreword.

I am sending you by ~~separate~~ post a copy of my book.

Please oblige me and I shall feel deeply ~~obliged~~ grateful. I shall consider it a great privilege to have a foreword from your pen.

My dear Dr. John,

I am in receipt of your letter of the 25th and have noted with pleasure that you are intellectually active in spite of your large practice and have written a book dealing with Company Law. I am sure it will meet the needs of the profession.

As for writing a foreword, perhaps you are not aware that I am still a sitting member of the Judicial Committee of the Privy Council. I was there last summer and may again visit it next summer. It is not usual for a sitting member of the Judicial Committee to write a foreword to current books on legal topics. I regret, therefore, that I cannot accede to your request.

My dear Mr. Jayakar

Our weekly ONE NATION needs no introduction to you. You have already in your possession its first issue of October 27, 1946 containing the analysis of the British Cabinet Mission's proposals as well as a complete Draft Constitution for your careful consideration. Possibly, some subsequent issues also have been received by you. We would like to have your reaction on the material contained in it for publication.

As you are taking active interest in deliberations in the Constituent Assembly and as it is not always possible to place one's entire viewpoint before the assembly due to lack of time or on account of procedural rules, may I invite you to discuss your views on any vital constiututional points for the benefit of the country throughthe columns of ONE NATION? I should be delighted to give publicity to your viewpoints, even if they do not agree with our editorial policy, because we sincerely believe in absolute freedom of public opinion. Will you also kindly send your photograph along with your article?

As space is limited I request you to make your contribution as brief as possible.

It will interest you to learn that Hon.Govind Ballabh Pant has contributed an article which appears in our issue of January 26. We have also articles from the Orissa and Assam Ministries.

My dear Dr. John,

I hope you got my letter expressing my regret that, being a sitting member of the Judicial Committee of the Privy Council, I cannot write a fore word to your treatise on Company Law. As I said in that letter, it is not usual for persons, who are actually working as judges of the Judicial Committee, to write such introductions. It is contrary to the practice observed in judicial circles. If I were in retirement, it would have been otherwise. I am even expecting to be on the Judicial Committee once more, possibly next summer, if I can manage to leave India.

I have explained the situation to Mr. Mulgaokar, who will write to you in the matter. I have received two packets of papers. I am keeping them with me until I hear from you.

With all good wishes,

Yours sincerely

THE NATIONAL COLLEGE DIAMOND JUBILEE
TRICHINOPOLY

Dear Sir/Madam,

On behalf of the National College Diamond Jubilee Committee, we have great pleasure in intimating to you that the Diamond Jubilee of this institution comes off in ~~June 1940~~ Feb. 1947 and in requesting you to honour us with a message of good wishes and encouragement for inclusion in the Souvenir to be brought out on the occasion.

In this connection, we wish to give you a short history of this institution.

Realizing the need in this city of an educational institution manned by a purely indigenous agency and conducted on national lines, the late Sri G Sesha Iyengar, with two of his friends, the late Sri B S. Venkataramana Sarma (who soon left for Govt. service) and Sri P G. Sundaresa Sastrigal (still happily ~~with~~ us), founded the National High School in June, 1886. The school had to be located in rented buildings and had to struggle against many handicaps in its early days ; but the indefatigable zeal of the founders and their highly competent colleagues overcame all obstacles and the National High School soon came to be recognized on all hands as a thoroughly efficient national institution.

In 1892, with farsighted vision, the founders entrusted the management of their flourishing school to a Governing Council, so as to ensure it public support in an ampler measure. The present site was acquired in 1894 and 1899, and the imposing block of buildings, now shared by the College and the High School, was completed in 1904.

Special attention was from the first paid to the imparting of moral and religious instruction in the school, based on Hindu texts, as specifically laid down in the Memorandum of Association Regular instruction in Vedam and Religion is also an essential feature of the Free Boarding House attached to the institution by the munificence of the late Kaniyur Krishna Iyer, who set apart 50 acres of fertile *nanja* land for its maintenance This Free Boarding House, originally intended for 25, now lodges and feeds 40 poor students drawn from all grades of the institution.

The High School was in 1919 raised to the status of a Second Grade College, mainly owing to the exertions of the late Justice T. V. Seshagiri Iyer and the late Sir T. Desikachariar, and by the munificence of the late Diwan Bahadur S. Rm. Ct Pethachi Chettiar. It was raised to the First Grade in 1924. Since then, both the Intermediate and the B.A. Degree courses have been added to from time to time, and today the College offers instruction in all the usual Intermediate subjects except Natural Science. and in the main non-science groups in the B.A The College has earned a reputation as one of the most efficient in the particular groups of subjects it offers.

In 1928, a Secondary School at Woriur was started by the Governing Council, and it has since developed into a full-blown High School named after our Founder, the late G. Sesha Iyengar. In 931 the Aryan Secondary School was taken over.

In 1934, thanks to the munificence of the late P. N. Natesa Iyer of Poona, a technical section was added, which has been training ten to twenty boys every year in Electrical Wiring. This Section has now been placed on a permanent basis by the handsome financial endowment made by Sri P. N. Natesa Iyer.

The strength of the College at present is 800, and that of the two High Schools and the Secondary and Elementary Schools which form its branches is 2,400.

We are now appealing for adequate funds to enable this institution to rise to the full height of its stature by providing additional accommodation and equipment and offering instruction in further useful courses and thus be a source of enlightenment and inspiration to generations yet unborn.

Thanking you in anticipation of your response to our request,

My dear Mr. Vinod,

Thank you very much for your kind invitation to the auspicious function of the Upanayan ceremony of your dear son. I returned from Poona only this morning after three days' stay and it is not possible to leave Bombay again so soon. I should have delighted to be present at such an auspicious function in your family, but it seems difficult. I am, therefore, sending your boy my best wishes for all prosperity and happiness. Really, as your son, he does not need anybody's blessings, his father being competent to bestow them more effectively than anyone else. But, as a token of my best wishes for him, I am sending him my greetings, which please convey to him.

I have not met you for a long time and, if I had known that you were in Poona, I should have endeavoured to get into touch with you to have a talk. I will have the pleasure, I hope, when I visit Poona next, if you will kindly let me know where I could get into touch with you.

With all good wishes,

Dear Sir,

Last year in October I made you a request to -- preside over the function of Silver Jubilee of our Tilak High School. Owing to the operation which you had to -- undergo and the various ~~important~~ engagements like the convention to consider the question of linguistic provinces and the subsequent sessions of the Constituent Assembly, you expressed your inability to come here at that time. But in your letter dated 22nd October 1946 you held out a hope that you were keeping our letter before you and if you would see a chance of ~~m~~etting our wishes you would certainly do so. Encouraged by these sympathetic words we resolved to postpone our function to a date which would prove suitable to you..

The Second Sitting of the Consituent Assembly was over by the // end of last month. Our teachers too will be free from the responsibility towards the Matric students by the end of this month. The next sitting of the Consituent Assembly -- one does not know its future -- will not take place before the middle of April. Hence I believe it will be possible for you to accept our invitation and preside over function by the end of March or in the first week of April. I learn from the enquiry made at your residence that you will be in Bombay next week. If so, I would like to approach and make a personal request to you. We want your guidance at the thresh-hold of the new era. We are going to make a start for a Commercial Education and develop Girls' High

नवीन मासिकाची आवश्यकता :

मराठींत वाङ्मयीन दृष्ट्या उच्च प्रतीचीं मासिकें फार थोडीं आहेत. समाजाची ही नड भागविण्यासाठीं वरच्या प्रतीच्या मासिकांची भर अधिकांत अधिक पडणें अत्यावश्यक आहे. त्यांत अल्पसा हातभार लावण्याची आमची इच्छा आहे.

समाजाची विस्कळीत स्थिति सर्वश्रुत आहेच. समाजाचें मार्गदर्शन विचारवन्त समाजनेत्यांच्या हातीं नाहीं असें बरेंच वेळां ऐकूं येतें. त्यामुळें, सूक्ष्म निरीक्षण केल्यास, समाजास ध्रुवताराच नाहीं कीं काय अशी शंका येऊं लागते. मुद्रणकलेच्या आणि आधुनिक प्रचारचातुर्याच्या अतिव्याप्तीमुळें समाजाच्या विचारबुद्धीला एक निराळेंच वळण लागलें आहे. याचा समाजाच्या इष्ट पण लुप्त ध्रुवताऱ्यांवर अनिष्ट परिणाम होत आहे हें आतां पुष्कळांस पटूं लागलें आहे. समाजाचा हा कायापालट करून मार्गदर्शन करणाऱ्या कोणी तरी अज्ञात असलेल्या ह्या ध्रुवताऱ्याचा 'पूर्णिमेला' जरी अंगुलिनिर्देश करतां आला तरी 'पूर्णिमा' स्वतःला कृतार्थ मानील.

उद्देश :

विचारवंतांच्या लेखनानें भारतीय संस्कृतीचें श्रेष्ठत्व व महत्त्व महाराष्ट्र भाषिकांस नवप्रसिपादनांतून समजावून देणें.

'जें जें 'सत्य' तथापि 'शिव' तें तें 'सुन्दर' रीतीनें बहुजन-समाजाच्या उच्च अभिरुचीच्या रंजनार्थ सादर करणें.

मृतप्राय होत असलेल्या अभिजात वाङ्मयास समाज मुकत आहे आणि बरेचसे प्रतिभावन्त अजून अज्ञात आहेत ही स्थिति पूर्णिमेस जाचक आहे. समाजाची ही अडचण दूर व्हावी म्हणून प्रयत्न करणें.

याच कळकळीनें इतर वाङ्मयसेवक आपापल्या परीनें झटत आहेत त्यांत ' पूर्णिमा ' अंशभागी होऊं इच्छिते.

' पूर्णिमेचें ' स्वरूप :

वरील उद्देश साध्य होण्यासाठीं ' पूर्णिमेंत ' प्रकाशित होणारा लेख वरील धोरणास अनुरोधूनच लिहीलेला असेल. उच्च अभिरुचीस बाध येणार नाहीं आणि वाचकांस भाषा क्लिष्ट आणि अगम्य वाटणार नाहीं याची काळजी घेतली जाईल. तथापि ' पूर्णिमे 'च्या धोरणास बाध न आणणारा कोणाचाहि लेख केवळ लेखाच्याच गुणांवर स्वीकारला जाईल. अभिरुचीच्या प्रचलित कल्पनांस वळण देण्याचा प्रयत्न ' पूर्णिमा ' शक्यतों करणार आहे.

'पूर्णिमेच्या' अंकांतून संपादकीय विभागांत ' कांहीं सामाजिक घटनांचें परीक्षण ' देण्यांत येईल. भारतीय संस्कृतीवरील लेखमाला तज्ज्ञांकडून लिहवून घेऊन त्यांतील लेख नित्य देण्यांत येतील. कांहीं विचारप्रवर्तक लेख, नाविन्यपूर्ण लघुकथा, कादंबरी व लघुनिबंध आणि उत्तम कविताहि प्रसिद्ध होत जातील. ललित वाङ्मय वैशिष्ट्यपूर्णच असेल याविषयीं दक्षता बाळगली जाईल. त्याशिवाय सामाजिक प्रश्नांवर विद्वानांकडून करविलेले वादविवाद ' समाजशास्त्राचीं मनोरंजक साधनें ', ' इतिहास संशोधकाची रोजनिशी इ. अभ्यासपूर्ण असूनहि मनोरंजक वाटतील अशीं सदरें देण्याचा मानस आहे. ' विनोदाचें पान ', ग्रंथ परीक्षणें व जगाचा मासिक इतिहासहि देण्यांत येईल. ' पूर्णिमेच्या ' अंकांतील ही योजना मोघम आहे. ' पूर्णिमा ' मराठी वाचकांकडून नवीन नवीन सूचनांची अपेक्षा करीत आहे.

' पूर्णिमे 'च्या सन्मित्रांस :

विविध क्षेत्रांत वावरणाऱ्या सन्मित्रांनीं आपापल्या परीनें ' पूर्णिमेस '

साहाय्य करावें अशी त्यांस विनंति आहे. चित्रकारांनी आपापली विविध प्रकारची कला, विद्वानांनी विचारप्रवर्तक लेख, ललितलेखकांनी सदभिरुचीस पोषक असणारें सुंदर वाङ्मय, विनोदी लेखकांनी आपले शिष्ट विनोद, चुटके वा विनोदी गोष्टी 'पूर्णिमे'कडे प्रकाशनासाठीं पाठवाव्यात अशी त्यांस नम्र विनंति आहे. त्या त्या साह्यकर्त्यांची शक्य ती संभावना करण्यास 'पूर्णिमा' सतत तत्पर राहील.

आकांक्षा :

'पूर्णिमा' स्वतः विचारवन्त नाहीं पण विचारवन्तांना पुढें आणूं इच्छिते; भाषण-प्रवचन करणारी नाहीं पण भाषण-प्रवचन करणाऱ्यांचा समाजास योग्य शब्दांत परिचय करून देणारी आहे; समाजसेवकहि नाहीं परंतु समाजसेवकाची सेवा करणारी आहे. 'पूर्णिमे'ला स्वतःला ध्रुवतारा होण्याची आकांक्षा नाहीं. 'पूर्णिमा' अज्ञात राहिलेल्या विचारवंतांना समाजाच्या आघाडीवर नेऊं इच्छिते, समाजसेवकांचा आदर करूं पाहते, प्रतिभावंतांची प्रतिभा मार्गदर्शनार्थ सादर करूं इच्छिते. 'पूर्णिमे'ला स्वतःला ध्रुवतारा होण्याची इच्छा नाहीं पण समाजाचा ध्रुवतारा शोधून देण्याची तिची महत्त्वाकांक्षा आहे. ईश्वराचा स्वर्गीय प्रकाशदेव 'पूर्णिमा' स्वाच पवित्र, शीतल आणि निर्मल स्वरूपांत अवतेल पोचवूं इच्छिते.

'पूर्णिमेच्या' या पवित्र, शीतल आणि निर्मल चांदण्यांत [illegible] विचार [illegible] फुलोत, [illegible] प्रेमीजनांच्या [illegible] पुष्पवाण उधळो. पण त्याचे बरोबरी 'पूर्णिमे'चा रसास्वाद घेणाऱ्या वसिष्ठाच्या पवित्र वाणीनेच विश्वामित्रांची घोर दुरवें पवित्र होवोत. 'पूर्णिमेचें' निरंतर [illegible] होवो हीच [illegible] आकांक्षा.

I am therefore directed by the said committee being one of the members,to approach your honour and shall be much obliged if you kindly let me know your suitable time and day for your interview.

Dear Sir,

I have received your letter of the 4th, Ref.No.K/54. I thank you for your kind suggestion that I should preside at the function mentioned in your letter. But, I think, after careful consideration, that it is advisable to ask an eminent artist to preside at the function and not a politician like me. It is better to preserve the appearance of the meeting as intended to express the approval of artists and others devoted to the study of art.

Perhaps you would be good enough to answer the questions in the accompanying Questionnaire and send your replies typed if possible so as to reach me not later than 27th of this month.

I am to state that it is the intention of the Committee to call witnesses at a later stage in its discussions, but it may not be possible to include all to whom this questionnair is sent. Kindly, therefore, endeavour to give your views as fully and as early as possible.

Your obedient servant,

Dear Sir,

Subject: Separation of the Judiciary from the Executive.

I am in receipt of your letter No.806/5, dated the 3rd, in connection with the question noted above. I will be delighted to meet the members of the Committee, if they wish to do, and express my opinion on the question. I have gone through the questionnaire. Many of the questions are of a technical and

detailed character and as I ceased practising at the High Court nearly ten years ago, I see no use in my expressing my opinion about these details from my knowledge of conditions which prevailed at the time of my retirement. I am not, therefore, answering the questionnaire. My opinion generally is in favour of the separation of the Judiciary from the Executive.

C.P.& Berar Lawyer's
Conference, Daryapur

Invitation

Daryapur (Berar)
7th. March 1947.

Dear Babasaheb,

I have not the pleasure of knowing you personally. Great men however are known intimately in every home and I feel this assurance of intimacy in writing you this letter.

We are convening a C.P. & Berar Lawyers' Conference at Daryapur in the Amraoti District of Berar on the 3rd. and 4th. April 1947. This is a most opportune time for the conference as big constitutional matters are in the making and the fate of Berar in the future Order is in the balance and is causing anxiety.

The question about the future of the legal profession will necessarily be tackled by the Conference but the Berar question will claim its principal attention.

We are requesting Sir Moropant Joshi to inaugurate the Conference and Mr. M.R. Bobde, Advocate of Nagpur, to preside over it.

March 8, 1947.

V.L. Prabune, Esq.,
Advocate,
Daryapur (Berar).

Dear Sir,

Your letter of the 7th reached me a few minutes ago inviting me to attend the C.P. & Berar Lawyers' Conference at Daryapur in the Amraoti district on the 3rd and 4th of April. I thank you for your invitation, but it is not possible for me to attend the function, as I am not free on those dates.

As for the position of Berar in the future order, I delivered a speech on this question, as the President of the Mahavidarbha Conference held at Amraoti a few years ago, in which, at the request of the promoters of that Conference, I have discussed and carefully elaborated the entire question relating to the constitutional position of Berar. I understand that this speech of mine has been printed separately as a pamphlet. I have not got a copy, but I understand that this has been done. If so, you may find the speech useful in considering that question. I wish your conference every success.

Yours truly

Y-RJ.

We however very much desire your presence at the Conference as a distinguished guest to give us the benefit of your great knowledge of constitutional law at this important juncture As an eminent jurist and as one who has made a special study of the Berar question, we feel, your guidance and help will be of immense benefit to us

I therefore request you kindly to attend the Conference on the 3rd. and 4th. April 1947

The favour of an early reply, preferably by wire, would enable us to fix and announce the full programme of the Conference immediately.

With kind regards ,

I am yours sincerely,

Dear Sir,

Your letter has taken me by surprise. So far as I recollect, I have very little information about your institution. I do not think you had written to me previously about it. I am saying this because there is already a Society, apparently intended to promote the same purpose as you have in view. It is called the Hindustani Sangit Samiti and it has put in some work already. If you enquire of one of the promoters, Mr. A.G. Mulgaokar, Bar-at-Law, 9, Mathew Road, Bombay 4, you will be able to get more information about it. As I am already connected with one institution with a similar purpose, I do not wish to preside over a function instituted by another society for the same purposes. Besides, - expect to be out of Bombay in a few days' time.

To
Rt.Hon. Mr.M.R.Jaykar

BOMBAY.

Sir,

We wish to arrange a formal opening function of our concern on the 23rd instant (Gudhi Padva). Mr.Morarji Desai, Home Member, has kindly consented to inaugurate, and we will be obliged if you would consent to preside over the ceremony.

We have started the working of this new concern with a desire to record and preserve best varieties of Indian Classical Music. We mean to picturise the music where it may be suitable. We have begun with Mrs.Hirabai Barodekar's Jalsa and we are working on its picturisation. Recently we have recorded the unequalled Shahanai programme of Bismillah and Party of Benares and some other artists. As we progress, we shall record all the first-rate vocal and instrumental music, worthy of preservation.

The proposed ceremony, we mean to begin some morning in any Bombay theatre. Amongst guests, would be some producers, distributors and journalists. Early half an hour, Bismillah's recorded Shahanai will be played. Mr.T.V.Parvate will deliver the opening speech to give necessary details of our company. Presidential speech will follow and lastly there will be inaugurating ceremony at the hands of Hon.Mr.Desai. At night a special dinner is arranged in Taj for guests and if you like, a short Jalsa of Mrs.Hirabai Barodekar would follow.

You may ask for any more particulars including a trial of Bismillah's Shahanai before you accept our invitation. We would be too glad to furnish any details regarding our new effort.

We hope to have an encouraging reply from you to hasten

ADMINISTRATIVE ENQUIRY COMMITTEE.

GENERAL QUESTIONNAIRE.

The terms of reference of the Committee are as follows:—

(i) To recommend, with special reference to the Reconstruction and Development Plans of Government, the means of providing an efficient and economical administrative machinery, and, with that object—

(*a*) to examine generally the growth of expenditure, temporary and permanent, on administrative machinery, since 1938-39;

(*b*) to enquire into the working of such machinery;

(*c*) to consider methods of curtailment of expenditure and of increase of efficiency;

(*d*) where measures of curtailment of expenditure involve retrenchment of staff, to examine whether and how the surplus staff may be absorbed in the requirements of the Reconstruction and Development Plans;

(*e*) to consider methods of recruitment of additional staff; and

(*f*) where the field of recruitment is unduly limited by reasons of lack of facilities for training, to consider measures for the expansion of those facilities.

(ii) The detailed revision of permanent pay-scales will be a matter for separate consideration by Government, but the Committee is not precluded from suggesting the broad principles of such revision.

(iii) Questions of policy will be the concern of Government; but it will be open to the Committee to indicate the economies which might be effected if particular policies were abandoned or modified or certain other policies adopted.

The Committee will welcome any statements of views or suggestions within the field of enquiry referred to it. Persons replying to the questionnaire below may cover the whole of the field or any particular part of it which lies within their special knowledge. The Committee will, however, feel specially grateful if such persons give detailed answers to those questions in which they are particularly interested or with which they are specially well acquainted.

It is requested that replies may be forwarded as soon as possible and not later than the 1st May 1947 to the Secretary, administrative Enquiry Committee, Finance Department, Secretariat, Bombay.

---

1. What is your general opinion of the present administrative machinery in this Province? Is it efficient and economical? If not, in what respects is it not so and what remedies would you propose?

2. In view of the contemplated extension of the Reconstruction and Development activities of Government, do you consider that the present organisation of Government departments satisfies the tests of efficiency and economy? If not, in what respects would you suggest a modification of the same?

Note.—If a modification is suggested, a detailed working out of the suggested scheme would be welcome.

3. Have you any special interest in or knowledge of any particular departments? If so, have you any detailed suggestions to make for their improvement in the matter of efficiency or economical administration? Have you any change to suggest in regard to the policies followed by those departments?

4. Do you consider that the present expenditure on salaries, allowances and pensions is entirely necessary and calculated to provide efficient service? If not, can you suggest modifications?

5. Do you consider that the present methods of purchase of stores and construction and maintenance of works are economical and efficient? If not, can you suggest improvements?

6. Do you consider the growth of expenditure, temporary and permanent, on administrative machinery generally or in any particular departments, since 1938-39, justified? If not, what exactly are the reasons for your opinion and how do you think the growth should now be arrested and to what extent?

Note.—In answering this question, the increasing extent and variety of Government functions should be taken into account.

7. What is your opinion of the administration of the various controls in force at present? Would you advocate any modifications?

8. Have you had dealings with any of the new departments of Government, such as the Civil Supplies Department, including its Food, Textile and Milk Branches?

If so, do you consider that any improvements can be effected in the working or organisation of those departments? In what respects can such improvements be made?

In particular, what is your view regarding the suggestion that the functions of the Civil Supplies Department should be discontinued or transferred to the trade? Please give reasons for your answer.

9. Is the organisation of the several departments of Government in the rural areas in sufficiently living touch with the needs of the people? Does it suffer from any special defects, such as overlapping, undefined responsibility, inaccessibility, excessive formalism or lack of responsiveness? If so, can you give instances in support of your judgment and suggest reforms?

10.—Is the district organisation of the revenue, judicial, police, public works and other departments such as to ensure prompt, efficient and honest service? If not, in what directions do you find it defective? Can you suggest any remedies?

11. Does the present system of general and departmental administration in rural areas and in district headquarters utilise, to the maximum possible extent, the services of public-spirited citizens, either individually or through institutional channels? If not, can you recommend any improvements calculated to bring suitable non-officials and institutions nearer to the administration of the Provincial Government, with due regard to the initiative and responsibility to be exercised by the officers concerned?

12. Do you think that there is any scope for the greater use of mechanical aids to efficiency in Government offices? If so, please make detailed proposals.

13. Are you satisfied with the present relations of local self-governing bodies and other non-official bodies like the co-operative societies with the administrative departments of Government? If not, what reforms have you to suggest?

14. Do you consider that the Divisional Commissioners perform any essential function in respect of the district administration on the one hand and the Provincial Government on the other and in respect of the people of the Division in general? Have you any modification of the system to suggest?

15. Have you any suggestions to make regarding officers similarly situated in other departments such as Superintending Engineers, Deputy Inspectors-General of Police and Conservators of Forests?

16. Do you think that the Divisional Commissioners and Collectors can be utilised as agents for integrating the administration of the important departments of Government? If you see any desirable possibilities in this direction, please suggest details of reform.

17. Are you satisfied with the present Secretariat organisation in respect of (*a*) efficiency of disposals and (*b*) its relations with (1) the heads of departments and (2) the public? If not, what particular changes would you desire?

18. Have you any specific suggestions to make regarding curtailment of staff in any departments?

19. Have you any proposals to make regarding the re-employment of surplus war-time staff of Government departments either in the existing departments or in any additional activities that you may consider suitable for Government to undertake?

20. Do you consider the present methods of recruitment followed by Government satisfactory? If not, what modifications would you suggest? In particular, are you in favour of the system of competitive examinations?

21. Do you think that the dearth of candidates for employment, particularly technical employment, which has been experienced in several departments during the last few years is likely to continue? If so, what measures would you propose for ensuring a better supply?

22. In your opinion, are the present facilities for the training of prospective recruits for the various departments of Government sufficient? If not, what measures would you propose for the expansion of these facilities? If you so desire, you may confine your reply to any particular department or a section of a department.

23. Do you consider that any system of departmental training after recruitment is desirable? If so, what kind of training and what agency for such training would you recommend?

24. Do the existing permanent pay-scales of Government servants in their several classes and grades require revision? If so, what should be the general lines on which the revision should be carried out?

25. Should the pay-scales be varied from time to time according to the cost of living? If so, in what manner? Or would you advocate stable pay-scales based on a long-term view? In the latter case, should the present dearness or war allowances be continued and, if so, at what rates?

26. What is your idea about a minimum wage for Government servants?

27. What are your views on the employment of suitably qualified women in Government service on the same terms as are given to men? Do you think that there are any particular departments in which the employment of women should be (1) encouraged or (2) discouraged?

28. Have you anything else to state or suggest regarding matters covered by the Committee's terms of reference?

Dear Sir,

Our study circle is very much interested in your achievements and success. We would like to know the secret of your success. We know that you are very busy; and it is unfair to ask you to waste your time after us. So we are enclosing a few questions. We are sure that your answers to these questions will guide young men like us a lot. Will you be kind enough to answer them?

Please excuse us for the trouble.

Dear Sir,

I have received your letter. I do not know why you want me to answer the questions enclosed with it. But, as you have framed them, I do not mind giving you brief answers.

Q.1: There is nothing like a craving from childhood. It has to grow with circumstances and so it was in my case.

Q.2: I often begin the work for its own value and for my fondness for it. There is no question about confidence of success. It may or it may not come. I do not worry myself about it.

Q.3: There are several causes for the success of my work, whenever such success has come. Hard work is only one

P.T.O.

element.

Q.4: I never placed myself in a position of having subordinates except during the short time that I was a judge of the Federal Court. At that time, I had a loyal set of subordinates to work with me and my relations with them were extremely friendly and cordial. My way of dealing with people is frankness and geniality. I do not treat them distrustfully.

Dear Sir,

Resolution No.2.

"That this Public Meeting of the citizens of Bombay places on record its profound sorrow at the sad death of Sjt. Bhulabhai J. Desai. Sjt. Bhulabhai's death has deprived the country of the services and guidance of a patriot and a statesman of a very high order. His versatility, forensic skill, persuasive eloquence and power of organisation were harnessed to the full advantage of the country during his eventful political and public career. As Leader of the Opposition in the Central Legislative Assembly for a period of nearly ten years, he played an important part in shaping and regulating the Parliamentary activities of the country. His services to the nation in the I.N.A. Trial will find a permanent place in the history of the country. His death at this juncture, when constitutional changes of a far-reaching character are underway, has left a void difficult to fill".

In the second place, due to the monsoon no

- no satisfactory arrangements would be possible as the Vidyalaya has no hall or sheltered place for accomodating a large gathering.

In the third place, it is very likely that the work of extending the Vidyalaya's premises , which was under consideration for a year, might begin in May with the result that a large portion of open space in the Vidyalaya's compound will be occupied by building materials.

The residents of Vileparle have been keen for a long time to have an opportunity of having you in their midst, and when they heard that we had decided to approach you in connection with our Silver Jubilee Celebrations, a good deal of enthusiasm was noticed . It is however unfortunate that it is not possible to postpone the celebrations to August or September, 1947. It will certainly be great disappointment to all of us.

I am told that you showed keen interest in the Vidyalaya. I hope, therefore, you will oblige us on the occasion of the opening ceremony of our new building which is likely to be ready by December, 1947. If the progress of the building ~~materialises~~ work programme as we estimate

Dear Mr. Rajwade,

I thank you very much for your letter of the 9th. I know Mr. Baburao Jagtap very well and I have a great opinion of him. He is a singular instance of a Non-Brahman keeping free from the prejudices generally to be found in that community. He was working with me in the Maharashtra University Committee and was extremely useful and I conceived great esteem and respect for him. As for my presiding at the function relating to his 60th birthday, I am afraid that it is not possible, because my movements from the end of April in the months of May, June & July are extremely uncertain and I am not sure whether I shall be in India during these months. I regret, therefore, that I am not in a position to accept your kind invitation. I may, however, take this occasion to send my greetings and best wishes to Mr. Jagtap for many more returns of his happy birthday. Please convey my remembrances to your father.

Daily classes are being held for the benefit of office going adults for imparting lesson in Upanishads and Vedas with metre and meaning, in addition to weekly lecutres on the Vedanta by eminent scholars. There are also free Samskrit classes in which Bhagawat Gita and other important devotional prayers are taught with exhaustive notes and annotation, and many boys and girls have attained a remarkable proficiency. For your information, Ubhaya Mimamsa Praveena Acharya T.A.V. Dikshitar, Head of the Vedic Department of the Bharatiya Vidya Bhawan, and Professor of Mimamsa of the University of Bombay, is the President of our Mutt.

As you are an enthusiastic exponent of the noble ideals of Hinduism, we are very eager that you should inaugurate the Jayanti Celebrations on the evening of 20th April 47, about 7.30 P.M. I earnestly request you to kindly accept our invitation and give us an opportunity to listen to your mature knowledge and instructive lecture.

To,

Dr. M. R. Jayaker, Esquire,
Advocate,
Bombay.

Most respected Sir,

I learn that you were intimately acquainted with late Dr. R. Raghavendra Rao. You might also be knowing that Bilaspur is the birth place of Dr. Rao. It was also the place of his residence as well as the place where he began his political career. The Bilaspur, Municipal Committee has constructed recently a public Hall and a library building at the cost of about Rs. 75000/- to commemorate his public service.

I am the Chairman of the Education Sub-Committee in the Municipal Committee, Bilaspur and this memorial building is under the control of the said Sub-Committee. So on behalf of the Municipal Committee I am making request to you to kindly agree to perform the opening ceremony of the said building.

In case you are kind enough to accede to the request please write the date or dates which will suit you in the this month or in the next month for this ceremony.

I shall feel highly obliged if you will reply at your earliest convenience. I am fully conscious that I am encroaching upon your most valuable time every minute of which is being devoted for the country's cause. But considering that this ceremony will be in the service of the public, I have dared to write to you.

Hoping to be excused for taking your precious time.

Dear Sir,

I received this morning your letter No.253/47, dated the 12th. I thank you for your kind invitation that I should visit Bilaspur and perform the opening ceremony of a public hall and library, which have been erected to commemorate the public services of my late friend, Dr. Raghavendra Rao. I would be most delighted to pay this last tribute to my late friend, as I did on a previous occasion at Madras. But, unfortunately, it is not possible for me at present to undertake this long journey from Bombay to Bilaspur and, as you apparently cannot wait longer, I regret that I have most unwillingly to decline your very kind invitation, for which I beg to be excused.

Invitation

April 19, 1947.

Dear Mr. Rajwade,

Thank you very much for your kind letter No.409. The 18th of September 1947 is far too distant for me to be able to say definitely anything about it. But, if you will please remind me about the matter sometime towards the end of July, I shall certainly give my best thought to your kind invitation. As I have already written to you, my esteem and regard for Mr. Jagtap is so great that I will try and meet your wishes as far as I can. It is not possible to say anything more at this date.

Yours sincerely

Dear Dr. Jaykar,

I came to learn about the correspondence that passed between you and Mr. Rajwade, in connection with my 60th birth-day. I am very sorry to see that Mr. L.R.Phadnis, at whose instance Mr. ~~Phadnis~~ Rajwade ~~his~~ wrote to you and who is my fast friend, never gave me an idea of the plans.

In the first place I do not want my birth-anniversary to be performed. Secondly I complete my 60 years by 16th August 1948 and not 1947. Thirdly, if the birth-day is to be celebrated at all, the initiative should come from the class for which I have been working for the last 30 years. I do not think I am obliging the Intermediate Community and do not expect any sort of remuneration from it. I am doing what I consider to be ~~my~~ duty.

I had a chance to read your letters to Mr. Rajwade. It is really a matter of congratulation that persons like you should appreciate my work and should speak so highly of me. What more can a social worker desire!

I know that you are very busy and no one should trouble you on account of celebrations of the type under consideration. In your next letter to Mr. Rajwade you should decline to be the chairman of

the function. Mr. Phadnis, out of love towards me wants to celebrate my birth-date. I shall try to dissuade him from the course he has undertaken. *

Kindly excuse the troubles you are put to on my account. You ought to spare your energy for higher type of work for which there are very few men. God give you long life and sound health !

Yours Sincerely

B. G. Jagtap

* Please do not refer to this letter of mine to Gom, while writing to Mr. Rajwade.

Dear Mr. Jagtap,

I have received your letter of the 24th and quite appreciate your sentiments in the matter which are in complete accord with mine I will keep in mind what you mention in your letter. I hope you are doing well.

Dear Mr. Turkhud,

I thank you for both your letters and would have been very glad to accede to your request but for the difficulty that I am not free on the 9th to attend the meeting about the late Dadoba Pandurang. I have always had a great esteem and respect for him, as he was one of the pioneers bearing aloft the torch of knowledge and culture in those dark days of ignorance and prejudice. I wish the meeting every success and authorise you to read this letter as my message to the meeting, if you think it advisable to do so.

Dear Mr Jayakar

Kindly excuse me for scribbling this second letter . This is in continuation of my letter addressed to you yesterday which I expect you must have by now received . Unfortunately I was not clear in my request to you . I should have requested you to preside at the Meeting fixed on the 9th of the next month at the Blavatsky lodge at 6 P. M. As far as Speakers are concerned there will be a number of them which might include Miss Sulabha Panadikar M. A. and Mr S. L. Karandikar of Poona. I feel we assure you that we shall be highly honoured if you consenting to preside on that day . On hearing from you favourably I shall arrange to send you an Advance copy of the Biography of Dadoba Pandurang Tarkhudkar for your perusal which will include a " Foreword " by Mr B. P. Wadia . A fuller Foreword by Prof Lagu has not been received but is is proposed to insert it later . Dadoba's period of life covers the last India administration or pre-Mutiny period as well as the Mutiny years.

Need that there is none of your experience and study who could be invited to preside on an occasion like this .

With thanks in anticipation for a favourable response .

Dear Mr. Turkhud,

I have received both your letters. At present I have very little time on my hand. But, having regard to the fact that the function relates to the life of the late Rao Bahadur Dadoba Pandurang, for whom I always have had the greatest respect, I dare not decline your invitation. So, I have great pleasure in accepting it. I fear, however, that I shall be busy right up to 6.30 on that day and the time of the meeting has to be arranged accordingly.

Dear Mr. Sastry,

I have received your letter of the 27th. I am glad that your typescript copy of Hindu Jurisprudence is now ready. I thank you for your invitation that I should write a foreword. But, under present conditions, that is not possible owing to want of time. Two or three forewords are already on my hands awaiting my attention and I dare not add to their number. आपले विद्यार्थी रा. वामन काशीनाथ जोशी यांनी मध्यस्थपणाने आपली भेट घेऊन, आपण प्रगट केलेला मनोदय, मला कळवला. त्याप्रमाणे "हिंदु संसार" नाटकाचे हस्तलिखित आपल्या अवलोकनासाठी पाठवीत आहे.

माझे शिक्षण अत्यंत अल्प आहे. इतके की ते सांगण्याची लाज वाटते. नाट्य लेखनाला मी अधिकारी नाही अर्थात मी जे काही लिहितो ते ईश्वराच्या प्रेरणेने म्हणून - हे नमूद करणे मी माझे कर्तव्य समजतो.

जी. आय. पी. रेल्वेत मी नोकरीला आहे. एका ब्रँचचा हेडक्लार्क आहे. पोटापाण्याचा प्रश्न त्यामुळे सुटलेला आहे. नाट्य लेखन ही म्हणून माझी रिकामपणाची कामगिरी आहे. पोटा-पाण्याचा विषय नाही.

माझे पहिले नाटक "संगीत कृष्णकारस्थान" साहित्याचार्य तात्यासाहेब केळकर यांच्या चरणी अर्पण करण्याचा मला लाभ घडला हीही परमेश्वराची कृपाच होय. रा. वामनराव जोशी यांनी ते नाटक आपल्याला अवलोकनार्थ दिले आहेच.

"हिंदु संसार" नाटक आरंभी प्रोज म्हणूनच पुढे आणणार आहे. यांतील नाटकांतील विचार बुद्धिवादाच्या आहेत. मी निमित्त

मात्र आहे. प्रयोगित रंगभूमीवर होणारा मानसिक अधःपतन हा नाटकाचा मुख्य विषय आहे प्रगती म्हणून समाज ज्या आचरणाने वागत आहे ती खरोखरी प्रगती आहे की अधोगती आहे हा प्रश्न सुसंवाद पूर्वक जनतेसमोर ~~मी मांडला आहे. तो आपल्याला पटेल असे मला वाटते.~~ पान २६ ते ३३ हा नाटकाचा मध्यवर्ती भाग आहे

"हिंदसंसार" नाटक ~~आपल्याला अर्पण करावे असे~~ मनाची अत्यंतिक इच्छा आहे ती इच्छा निष्काम आहे - वैयक्तिक आदराचे आहे हिंदसंसार या नाट्य-प्रसंग-सुमनांनी गुंफलेला हार आपल्या चरणावर वाहून त्या आदर व्यक्त करण्याची आपण मला परवानगी दिल्यास मनावर तो मोठा अनुग्रह होईल. हारातील सुमनांचा सुगंध अवडला तर मनावर अनुग्रह व्हावा अशी विनंती आहे.

Dear Mr. Gadre,

I am very gr teful to you for your kind letter of the 18th. I would have been only too pleased to attend on Sunday the 30th. the dress rehearsal of Hind Sansar, but, unfortunately, I expect to be out of Bombay on that Sunday and will have, therefore, to deprive myself of the pleasure of witnessing the function. I hope you will excuse my absence.

I am taking up the perusal of your manuscript as soon as the present pressure on my time is diminished.

Yours sincerely

Dear Sir,

I must apologize for the long delay in writing to you about the book which you sent with Mr. Joshi. Speaking quite frankly, I have been so frightfully busy since the time of its reaching me that it is difficult to find the time necessary to peruse it. I fear that, if you want me to go through it, you will have to keep it with me for some time yet, although I can assure you that the moment I get leisure enough to go through its contents, I shall readily do so. If, however, you are in a hurry, I shall be very pleased to return it to you. As I have not read your manuscript, it is not possible to offer any opinion about its contents.

Yours truly

Dear Mr. Gadre,

Your letter arrived this morning, just as I was thinking of writing to you. I have read your manuscript very carefully as also the companion play of Krishnakarastan. The latter, in my opinion, is much superior to your present compilation. If you do not mind a little frank criticism, the Hind-Sansar Natak contains some brilliant passages indicating your great control over phraseology and expression. Some of the passages are brilliant, but, if you will permit me to say so, the whole picture presents an exaggerated condemnation of modern English education. Whether these are your views, I do not know. But, it certainly creates the impression which, in many intelligent quarters, will be regarded as an exaggeration of the harm which unadulterated and denationalising English education has created in the minds of our young men and women. Up to a certain extent I agree with you, but the denouement of the whole piece is somewhat unexpected and the alliance, which you bring about between an orthodox devotional priest and a modern educated woman, seems to be such an unexpected and unnatural culmination that it is difficult to account for its development. The termination of the play is also very abrupt and, speaking from a practical point of view, I cannot conceive how in the events you have depicted the modern educated man, Vasantrao, who can become liable for any crime to justify his arrest by the police. The utmost that you can depict is that he seduced the girl who died in consequence of the pregnancy. There is no

suggestion that he had a hand in her death either as a suicide or as a murder. Your whole discourse is silent on this point and although Vasantrao's behaviour may deserve the severest condemnation even in these days when such instances are not altogether infrequent, I cannot conceive any taint of a criminal offence justifying the concluding paragraph of your book. I have not had the pleasure of witnessing this piece on the stage. So, I cannot offer any opinion about its effective impression on the Marathi speaking public. You are a better judge of that, as you intimated to me in one of your previous letters. I have here noted the points which appear to me clear on a distant perusal of your book, unrelieved by the living touch of a theatrical representation. I have stated in this letter my frank criticism which you must consider, if you think it deserves attention. You seem to have a most extraordinary grasp of expressions which, in these days, appears to be so rare and in this book, as also in the Krishnakarastan, you have excelled many modern writers in this particular species of excellence.

I do not think I need add anything more. I must deeply apologise to you for the long delay in perusing this book. As I explained to Mr. Joshi, it arrived in my hands at a time when it was difficult for me to find leisure long and continuous enough to finish reading the book without distraction. I hope you will kindly accept my apologies for this remissness.

Please let me know where to send you the manuscript of Mr. Hay.

With all good wishes,

Yours sincerely

Dear Dr Jayker

Allow us to encroach on your precious time with our request for a sympathetic perusal of this letter.

It was a long felt necessity to coordinate the aspirations and activities of the Asian People in their struggle against colonial slavery and for democratic freedom. The Asian Relations Conference organised and conducted so successfully in our carital recently was a fit answer to that need. More then ever before in their history peoples of this vast continent now have the opportunity to know each other and evolve suitable institutions for consolidating their power and achieving their objectives.

We are sure you will bear with us in our belief that a movement implicit in the very idea of the Asian Peoples inter-Relation Conference would be immensely facilitated through the medium of a daily organ which puts in the fore-front its aims the emancipation of the Asian Peoples and which seeks to strengthen the common bonds of humanity.

"THE ASIAN TIMES" claims to be precisely such a paper. Its model issue will b

be out by the end of this month. We are sure you, as one of the leaders on whom future of the Asian Peoples freedom struggle largely depends for its success, would appreciate and bless our venture.

We are conscious of our shortcomings; but we are confident of your help and guidance when we embark on this venture. A few words of cheer and encouragement from you would greatly add to our moral armoury.

You would be glad to know that the paper has already secured blessings from most of the leaders of the delegation who attended the Asian Relations Conference. Shortly we expect to establish offices of the Asian Times in all leading capitals of Asia and in U.S.A., U.K. and U.S.S.R. The model issue which is scheduled to be printed in a larger number than ever attempted on a single day by any daily paper in India, will be distributed in all the important centres of the world, as a prelude to our plan of having more abiding contacts there. Suggestions for our guidance in the matter are earnestly solicited. We would be doubly obliged if your message reaches us by the end of this ~~month~~ week.

Yours sincerely

FOREWORD

THE University of Allahabad was incorporated on November 16th, 1887. On November 16th, 1947 it will celebrate its Diamond Jubilee. It is one of the most distinguished educational institutions in India; and the United Provinces, indeed the whole country, has reason to be proud of it. During the last 60 years the number of students attending it has increased enormously until they now number nearly 3,500. The University is not equipped to receive such a large number of students. It needs more hostels, extended library accommodation, a new chemical laboratory and much else. The Government of the United Provinces, while it does much to help, cannot be expected to do all. It is the duty of the Province which enjoys the benefits that a university confers to see to it that the institution is adequately equipped for its task. On the occasion of its Diamond Jubilee the University appeals not only to the United Provinces but to lovers of learning throughout India for financial help. As Chancellor, I am glad to associate myself with this appeal. The University of Allahabad has won a place of its own in India during the last 60 years. Let us see to it now that it is adequately equipped for the great part it is certainly destined to play in the years that are ahead of us.

F. V. WYLIE,
Chancellor,
University of Allahabad
and
Governor, United Provinces.

GOVERNOR'S CAMP,
UNITED PROVINCES.
March 24, 1947.

AN APPEAL

IXTY years ago the foundations of the University of Allahabad were laid. During the interval India has been on the march. In 1887 we were just

can take in with the greatest difficulty and much to the inconvenience of the residents not many more than 1,250. The result is that numerous students have to find accommodation for themselves in quarters not always healthy or wholesome in a city to which they are complete strangers and which suffers from housing inadequacy.

The new era into which we are stepping makes great demands upon us. To meet these demands successfully it is essential that the Indian Universities should be able to supply the elite—leaders in thought and action, makers of men and determiners of destiny, helmsmen who will steer the ship of state through the uncharted seas in all weathers—calm and stormy. The Universities must remain no longer contented with narrow aims, teaching a few subjects and pursuing research haphazardly. The entire range of human thought and the whole field of knowledge ought to come under the purview of the University, which should not be satisfied merely with purveying the wisdom garnered by others, but should take an active part in extending the boundaries of knowledge, for an independent society can only be founded on the basis of independent and creative minds.

Equally important is the task of developing the character and personality of the youth entrusted to the charge of the University.

Government and people have to provide conditions in which these aims can be realized. We appeal to all those who believe that these are aims worthy of fulfilment to help the University of Allahabad generously. Some of its most urgent needs are the establishment of a number of hostels for the residence of students, the extension of the library, the rebuilding of a Chemical laboratory, the construction of a Wireless Laboratory, and the provision of an Art Gallery, of a Photographic Laboratory, of class rooms for Music and the Fine Arts, of a guest-house for the reception of the increasing number of distinguished visitors, of a hall for a commercial museum, and of a stadium and a well-equipped gymnasium.

Again endowments are needed for the founding of chairs in many subjects which ought to be taught, but for lack of funds cannot be taken up, for example, technology, engineering, industrial chemistry, medicine, and many branches of pure science, art and economics.

The needs are unlimited, but upon the response which our appeal meets will depend how many of them will be satisfied and to what degree. All that we wish to say is that the support given to education is the measure of a people's determination to rise in the scale of civilization and is the true index of the values it holds in esteem.

SENATE HOUSE

ALLAHABAD 19

Dear Dr Jayakar,

The University of Allahabad will celebrate its Diamond Jubilee next winter when 60 years of its life will be completed. It is proposed that an appeal for funds should be made to the public, the alumni of the University andthose interested in the development of higher education in our country.

During the years of the War the University has been experiencing great difficulties in the performance of its functions successfully. The numbers on its rolls have greatly increased, and the demand for expansion is urgent for many new branches of study have to be introduced. For all these purposes it is necessary that the University should be supplied with necessary funds, and endowments.

It is proposed that the appeal which I enclose herewith and which has a foreword from the Chancellor of the University, should go out in the name of the distinguished graduates of the University and those eminent persons who have been long connected with the University. I beg therefore to approach you with the

P.T.O.

request that you may kindly give your consent to the inclusion of your name among the signatories of this appeal so that the support of an influential and distinguished person like you may make the appeal a success.

Hoping to have the pleasure of receiving your consent at a very early date,

I beg to remain,

Yours very truly,

Vice-Chancellor.

May 12, 1947.

Dear Mr. Gadre,

I am thankful to you for your Marathi letter. I wish you success in your efforts to make changes in the manuscript of your play. I have no doubt that, on reconsideration, you will improve the compilation considerably. It is desirable that you should take the manuscript back rather than it should remain with me. I promise to read it once more after you have made the changes. Please, therefore, send some-one to take away the manuscript. I am in Bombay till next Friday morning and the document will be handed over during these four days to anyone who comes with ~~this~~ letter to ask for it.

Yours sincerely

Statement by Kunwar Sir Jagdish Prasad, K.C.S.I., C.I.E., O.B.E., former member of the Viceroy's Executive Council.

While eminent political leaders are engrossed in constitution making many humbler folk are anxiously asking themselves how the New Order will save itself from collapse, if invaded from outside and harrassed by risings within as soon as the time for the British withdrawal appraoches thirteen months hence.

Even with a strong Central Government governing a United India and w in full control of all the defence forces including those of the Indian States, the problem of defence would be difficult enough as India will not be in a position to defend herself for many years yet against a first-class military power. Nor can reliance be placed at present on the United Nations Organisation. For a united India a military alliance is easy to secure provided that certain realities of international politics are clearly recognised. It is obvious that India cannot enter into a military alliance with a certain first-class power on its North-west frontier as such an alliance would so alter the world's strategic and military situation as to provoke

war. The obvious military ally is therefore the British Government. But what would be its position vis à vis an India with more than one independent sovereign state? It is clear that for the maintenance of its own world position it cannot allow any other first-class power to obtain a military footing in India. It will therefore not remain neutral if India were to be invaded by a first-class power. But what will be its attitude to conflicts between the independent states within India? Will it maintain strict neutrality and leave these states to settle their quarrels as best as they can? Will this neutrality extend to the India of the Princes? Will India become another China with religious antagonism and a Princely Order thrown into the bargain? And if the Princes have to rely on their own resources for defence, they will undoubtedly try to raise as powerful armies as they can recruit according to need and circumstance, even from areas as far afield as Nepal, N.W.F.P. and Burma. They will form military alliances amongst themselves or with Pakistan or Hindustan as best suits their interests. For reaso

already explained alliances with first-class foreign military powers will be prevented by Great Britain. If the British are not prepared to maintain neutrality ther quitting a united India to ally with parts of a ~~mk~~ divided India will be neither good morals nor sound political sense. It is therefore probable that inspite of much pressure, the British Government may at least for a time keep aloof from the internal struggles of India. The independent states of India will therefore have to settle their defence problems themselves without delay. Let us confine ourselves at the moment to the problem of the defence of "Hindustan" and its Princely allies. The ~~pa~~ problems of defence against invasion by land from the N.W.F.P. and internal commotion would still remain whether the Punjab is divided or not. As partition is to be based on religion, the religious composition of the Army and the Armed Police ~~ha~~ becomes unfortunately a matter of unavoidable importance and will need immediate attention. An invasion of Hindustan by the Frontier tribes in alliance with Pakistan will rapidly assume the character of a religious war.

381

There will be internal upheavals in sympathy with the invaders. Moreover the Frontier tribes are well armed, numerous and warlike. Have those who have agreed to the division of India and who will be ~~xxxxx~~ responsible for the safety of Hindustan done anything so far for organising its defence? The problem of problems and the first in importance is the adequate defence of Hindustan. If this is left over to the last, certain parts of Hindustan will become the scene of the foulest carnage, loot and arson that have ever disfigured our history. Are our constitution-makers aware of the growing sense of insecurity in certain parts of the country as witnessed by the thousands of refugees who have fled from their homes in search of safety. One would be glad to have some concrete evidence that the defence of Hindustan is being actively planned and organised and that too much reliance is not being placed on the virtues of a perfect paper constitution. If India is divided the need for defence becomes much more urgent and the means for it correspondingly more difficult.

My dear Jayakar,

I have sent a statement to the Associated Press of India. I am sending you an advance copy as I am not sure whether any of the newspapers will publish it.

May 10, 1947.

My dear Jagdish Prasad,

Thank you for your letter of the 10th, which reached me a few minutes ago, along with your statement enclosed with it. It has appeared in this morning's Times of India and I read it with very great pleasure. Accept my congratulations for its clarity and courage.

You must have read that I have resigned from the Constituent Assembly. But, I have avoided all controversy by refusing to disclose my reasons. It has saved me from further enmity. I found that my presence on that body was absolutely useless and the atmosphere was such that any difference of opinion increased the volume of hostility. Two days ago, I got an invitation from the Lord Chancellor of England, conveyed to the Governor of Bombay through the Secretary of State. He has requested me to visit England once more this year and sit on the Judicial Committee to decide Indian appeals, which, I fear, have accumulated. I have agreed to go and, if I get the necessary air accommodation, I shall leave by the end of this month and will be absent till the end of July. You remember that I was similarly employed last year when the Bombay Prime Minister's invitation came that I should come back and join the Constituent Assembly. I should have realised then, from my past experience of the Congress mind, that it would be difficult to work in its habitual atmosphere. But, in a foolish fit of patriotism, I accepted the invitation to discover later that work was impossible under the conditions

surrounding the deliberations of the Constituent Assembly. So, without making any fuss or expressing any grievance, I have come away from it. Like Sapru, you perhaps do not agree with my views. But, in a matter of this kind, I preferred my freedom. Now that I have secured it, I am free to employ my time and attention in any pursuit which is sufficiently exalted and pleasant. I follow your movements in the Press, though they are not regularly reported at present.

A few days ago, a Madras Zemindar's lawyer came to consult me. I declined to accept the case for want of time. But, on his enquiry about getting support from other parts of India, I mentioned your name and address. He will probably write to you in the matter. He is in a similar position to yours in connection with the expropriation of the zamindari estates. I hope you are satisfied with the work you are doing. My address in London will be: c/o the Office of the Judicial Committee of the Privy Council, 9-Downing Street, Whitehall, London, S.W.1. Do write to me when you feel inclined. Our friend Gopalaswami Ayyangar is now the one top light guiding the inner counsels of the Constituent Assembly. What a contrast to the days we spent at Poona two years ago! But, we must live and learn.

With kind regards,

Yours sincerely

My dear Tatyasaheb,

Mr. Dinker Vinayak Kale has written to me (letter dated the 12th) giving me an invitation in your name to preside at a meeting of the Maharashtra Regional Library Committee on Monday the 19th. Perhaps you are not aware that the Lord Chancellor of England has invited me this year also and desires that I should as soon as possible be present in London to sit at the Judicial Committee and dispose of Indian appeals pending before that Board. The Governor of Bombay is very kindly helping me to obtain my accommodation by a fast plane at an early date. I have not yet heard from him about the definite date on which I shall have to leave India. So, I cannot say at present whether I shall have sufficient time to prolong my stay in Poona till the 19th. I may not hear in this matter for a day or two more and did not, therefore, desire to keep you waiting. As the engagement is important, I expect you may desire to announce the President's name as early a date as possible and cannot wait to take perhaps a refusal from me at the last minute. Under these circumstances, I am afraid I cannot give a favourable reply today. I hope you appreciate my difficulty.

Yours sincerely

My dear Doctor,

I sent the following telegram to you this morning which I hereby confirm:

SUNDAY OBSERVER WILL COMPLETE NINE YEARS FIRST JUNE AND ENTER UPON TENTH YEAR REQUEST YOU TO KINDLY SEND YOUR BIRTHDAY MESSAGE.

BALASUBRAMANIA MUDALIAR

I sent the telegram because I felt there would not be enough time if I were to request you through post for a message on the occasion of the 10th Birthday of "The Sunday Observer".

You may have known that my paper has had strenuous existence owing to its policy of expressing views without any regard to the popular sentiment that is so prevalent in India owing to the intensive propaganda carried on by the Congress which has modelled itself on the Fascist organisations of the West. I am, however, glad to be able to stand up against the Congress ideology and try to propagate democratic principles. I have always counted upon

you as one of the champions of democracy based on equity, fairplay and untramelled liberty. If you can find time to send along with your message a short note on the present turmoil in India, I shall be most grateful.

With profound regards,

Yours sincerely,

I have received your letter of the 17th and, as desired therein, I am, with great pleasure, sending you the following message:

'On your paper completing its nine years on 1st June,
I send you my greetings and best wishes for success

I dip into your paper whenever I get the time and congratulate you on the strenuous fight you are carrying on for upholding democratic principles of criticism. The fate of such a paper in the early days is always a struggle, but I am full of hope that, beforelong, it will end.

With all good wishes,

Dear Mr. Muranjan,

I thank you for your letter of today's date kindly inviting me to accept the presidentship of the Sydenham College Hostel Union for the current year. I would have been very glad to do so, but unfortunately my movements during the year are extremely uncertain. I cannot accept the offer unless I feel that I would be able to discharge the obligations of that office to the satisfaction of the students of the Union. I cannot feel sure about this owing to the uncertainty of my movements. I regret, therefore, that I cannot accept your invitation and beg to be excused.

Dear Mr. Jayakar,

The Deccan Sabha is contemplating a series of lectures to be arranged either immediately before or immediately after the Independence Day, viz. 15th August, and it would consider it a great privilege if the series could start with an opening lecture by you.

The lecture might be on the freedom which India has achieved. You might discuss the India Independence Act and take the Act merely as a peg on which to hang your thoughts about the future. But the subject may be just what you like. Our great desire is that you might favour us with the inaugural address.

If it is convenient to you I would suggest that your lecture should take place on the evening of the 14th inst. If for any reasons you find the date unsuitable you can name any day after the 16th and before the 25th inst.

The place will be the Gokhale Hall and the time would

P.T.O.

be 6 p.m. or 6.30 p.m. as you may like.

Further correspondence in this matter may kindly be carried on with Prof. R.H.Kelkar (c/o Gokhale Hall, Sadashiv Peth, Poona 2), who has been authorised by the Deccan Sabha to arrange these lectures. I make this suggestion because I may perhaps be out of town for a few days and I wish there would be no avoidable delay in fixing the programme.

Dear Mr. Vaze,

I received both your letters, one here and the other at Poona, in the first of which you requested me to start a series with an opening lecture on the 15th in connection with the attainment of independence by India. In the other letter you similarly requested me to write on the same question in a symposium, which you propose to initiate about this time. I have very carefully considered the matter not only in connection with your invitations but similar others received from elsehhere and I have come to the conclusion that I should maintain complete silence on the question for various reasons. I regret, therefore, that I cannot accept your kind invitation and beg to be excused.

My dear Dr. Jayakar,

May I thank you very much for your kind consent to participate in the function of the group to be held in honour of Mr. M.C. CHagla, Bombay's first Indian Chief Justice, at Green's Hotel on Monday, 15th. September at 5: 30 p.m.? I am sure the function will be adorned by the presence of so distinguished a Privy Counsellor and champion of India's <u>real</u> cause.

My members were craving all these months to hear you and I fed them on hopes which were destined to be disappointed so often that they had almost lost faith in me! After this, I hope, they will think a little better of their President!

The function prpper will commence at 6:15, but as I explained to you yesterday ~~hours~~ a small reception will be held for distinguished guests a little earlier.

I assure you that the Company you will be in, though it cannot reach the class of the House of Lords to which you are accustomed, will be as good as Bombay can boast!

Dear Babasaheb

Received your reply of 25th august saying that you could not absent yourself from Bombay on that day on 1st September and come down to Poona for a lecture in Connection with the Besant Centenary celebrations. As a matter of fact, I believe I had invited you, in my previous letter of 24th august, to come down to Poona on 1st October 1947 (Wednesday) - which is the 100th Birth Day of Dr. Besant - to be the principal speaker at a public meeting of Poona citizens. & not on 1st September - as you seem to suppose. I do not know if I had myself mentioned by mistake, 1st of September instead of 1st of october - if so I am so sorry & beg to be excused.

I have therefore the honour to renew my request that you will kindly make it convenient to pay a visit Poona on 1st October 1947 & deliver the principal Centenary address either in English or in Marathi, preferably in Marathi.

If however you find that even 1st of October

does not suit you, I would further suggest & request that you might kindly come here and give us the honour & benefit of your speech on the same subject on any day, say, between the 18th Sept. & 30th September 1947. If you agree, kindly mention alternative dates.

I shall engage some suitable Hall for your lecture here after hearing in the affirmative from you. Besant-Birth centenary celebrations have commenced from even 1st of July 1947 will Extend upto 1st Oct. & possibly even Later.

Please don't disappoint.

With best respects

Yours Sincerely

P.S.

If you can agree to any date between 18th & 30th Sept. there is a likelihood of the Fergusson college students, & arranging your lecture in the Wadia Amphitheatre of the college. If 1st Oct. suits you - then the Tilak mandir will be the place of the public meeting

Dear Mr. Bhadbhade,

Thank you for your letter No.162/47, dated the 6th, and for the repetition of your request. My difficulty is that my movements are so uncertain at present that I cannot promise definitely to be in Poona on the 1st of October. The function to which you are so kindly inviting me is far too important to be trifled with and if I agree and ultimately I am unable to keep up the appointment, it will not be a deserving tribute to the memory of the great Mrs. Besant, for whom I have the highest respect and admiration. That is the difficulty which I feel. If you ~~give me a few more details about the function, for instance where it is going to be held, who will be the president and the speakers and some alternative dates on which it could be conveniently held, I will see whether I can manage to meet your wishes. But, if ultimately I am unable to do so, I hope you will understand and forgive me. So, please write to me again fuller details.~~

GREATER BOMBAY

SOCIAL WELFARE CONFERENCE

(25th & 26th October 1947, Convocation Hall)

Sponsored by

SOCIAL UPLIFT ASSOCIATION (INDIA)

AN APPEAL

FOR

CO-OPERATION OF THE CITIZENS OF GREATER BOMBAY.

AT a meeting of Social Welfare Associations and Workers, held early this year, it was resolved that it was expedient and necessary to hold a Greater Bombay Social Welfare Conference at an early date to consider and find solution for the many Social Problems, confronting the thirty lacs of citizens of Greater Bombay. Social Welfare implies the Welfare of Society as a whole, of every Man, Woman and Child, from the craddle to the grave and so its scope is as unlimited as that of Society itself.

FOR a scientific solution of our Social Problems, unification of all efforts, resources, and activities of existing Social Welfare Institutions and Workers, plus creation of new organisations and an army of trained workers is absolutely necessary. With this objective in view, the Greater Bombay Social Welfare Conference will be held at Convocation Hall, on 25th and 26th October 1947, to enable all interested in Social Problems to come together and offer their valuable suggestions, and to have free and frank exchange of ideas and ideologies, for the greatest good of the greatest number, i.e., of the Citizens of Greater Bombay.

THE Conference has another objective, viz., that of bringing the Experts and the Common Man together, to create the necessary feeling of sympathy, understanding and co-operation between the Social Worker and the Common Man to whose welfare he devotes his energies.

WHAT are the grave Social Problems that confront every Citizen of Bombay? These are the problems of Want-common to humanity—e.g., Want of adequate and nutritious Food, Want of Clothing, Want of Housing, and the consequent high rates of Malnutrition, preventible Diseases and premature Death, for

dealing with which there is the Want of Medical Relief, Public Health and Sanitation, plus the Want of Mass Literacy and, in short, the Want of Social Security, which should ensure Economic Security against the ills of Unemployment, Ill-health etc. Other problems such as Slums, Beggary, Criminality, Delinquency, Prostitution and the consequent Social Diseases need also to be tackled scientifically. Every civilised Nation, whether of Capitalists such as the U.K. and the U.S.A. or of Communists like the U.S.S.R., has adopted plans of Social Security, National Insurance against all Human Wants, Freedom from Human Wants, to maintain a National Minimum of Human Subsistence. In addition, they have also provided for National or Public Assistance, wherever needed, to tide over any temporary crisis of individuals and thus have provided a sure Shield of National Providence against all Human Wants. It is proposed that the Greater Bombay Social Welfare Conference should provide a Beacon-light for such a Sure Shield for the benefit of the Citizens of Greater Bombay and suggest ways and means to achieve this objective.

THUS, the Social Problems are so vast and varied that concerted efforts on the part of all citizens of good-will are needed, such as offered by the Conference, for Planning Social Welfare for us all. We, therefore, appeal to all Social Welfare Institutions and Workers and Sympathisers to help to make the Conference a success by personal service and by donations and otherwise, and to join in this Service of Humanity, which is another word for the Service of God-the Great Dispenser of Human Welfare.

ALL Social Problems are the outcome of the present day structure of Society. Unless, therefore, SOCIAL WORKERS go to the very root of these SOCIAL EVILS and are prepared to face these PROBLEMS squarely, the future of Society will in no way be better than what it is to-day. It is, therefore, high time that SOCIAL WORKERS took stock of things and changed their front.

THERE appears to be a widespread feeling among the public that with the advent of NATIONAL GOVERNMENT, conditions-Social, Political and Economic—would change almost overnight and there would, therefore, be no need whatsoever for them to continue their efforts to promote

PUBLIC WELFARE. How mistaken and misconceived this view and belief is, can be realised from the fact that even in the most advanced and oppulent country like the U. S. A. hundreds of PUBLIC INSTITUTIONS and thousands of PUBLIC WORKERS carry on incessant and intensive work to promote PUBLIC WELFARE. How much more must it then be necessary for us, who have yet to liquidate our centuries-old backwardness in everything that goes to build up the NATION'S STRENGTH, to continue to make determined efforts to promote SOCIAL and NATIONAL WELFARE.

IT is gratifying to note that the Hon'ble Mr. Mangaldas Pakwasa, President, Bombay Legislative Council, a keen Social Worker himself, has blessed the Conference and recognised that "Social Work on a large scale will be needed in the India of To-morrow. Social Work will have to be coordinated."

IN conclusion, the sponsors of the Conference appeal to the good-hearted Citizens of Greater Bombay to support wholeheartedly the Conference with their personal service, donations and otherwise, and to extend their co-operation in solving our Common Problems of To-day and To-morrow. Please join the Conference as a Delegate-Fee Re. 1, or as a Member of the Reception Committee-Fee Rs. 5/- or as a Donor by paying a donation of Rs. 10 or more. We also appeal to all Social Institutions including the biggest, viz., the Government and the Municipality of Bombay to offer their service and requisite help to the work of the Conference for the Social Welfare of our THIRTY LACS of Citizens

ANY person of Eighteen Years and above may enrol himself as a Delegate, a Reception Committee Member or as a Donor. Social Service Institutions will be entitled to send not more than Ten Delegates, on payment of Rupee one per Delegate, subject to a maximum of Rupees Five.

ALL enquiries may please be addressed to the Central Office of the Conference (Third Floor, Sambhva Chambers, Sir Phirozsha Mehta Road, Fort, Bombay. Telephone No. 24029).

Dear Hon'ble Mr. Jaykar,

I have the honour to inform you that social workers in Bombay have organized the holding of an All India Conference of Social Work in Bombay from 6th. to 9th. November, 1947. The Conference will be inaugurated on Thursday, 6th November at 5-30 P.M. at the Sunderabai Hall by the Hon'ble Prime Minister, Mr. B.G.Kher. The Hon'ble Mr. Justice M.C.Chagla, Chairman of the Reception Committee, will open the proceedings with a welcome speech to the delegates.

The work of the Conference has been split up into eight Sections, as follows:-

1. State and Social Services.
2. Community Organization and Rehabilitation.
3. Family and Child Welfare Services.
4. Youth Organizations.
5. Rehabilitation of the Handicapped and the Maladjusted.
6. Private Philanthropy and Social Welfare.
7. Co-operation between Social Service Agencies and Co-ordination of Social Work.
8. Training and Equipment of the Social Worker.

Continued.

Each Section will be presided over by a Sectional Chairman conversant with the subject of the Section. Reports of points of agreement and conclusions arrived at in the Sectional Meetings will be submitted to the Plenary Session for acceptance.

Two important items will be further discussed and decided at the Conference, viz.,

1. Establishing an All India Conference of Social Work on a permanent footing.

2. Appointing a National Committee to send representatives to the International Conference of Social Work to be held in the U.S.A. in 1948.

You are well aware, how, with the changing situation in the country, welfare and rehabilitation work has assumed deep and nationwide significance. The need for an All India Body is therefore very keenly felt with a view to bringing social workers in the country together on one platform to discuss and deliberate over common problems and arrive at conclusions which might guide the workers in their various fields of relief and rehabilitation. In our incipient stages of development, we need all the encouragement we can get from high-minded and influential lifelong social workers like yourself. May I therefore, request you kindly to attend the Conference, or if that be impossible, to send us a suitable message which will encourage us in our work?

With kind regards and respects,

Yours sincerely,

RAMNARAIN RUIA COLLEGE

Lecture - Series.

Besides preparing the students for their various University examinations,- ~~their primary duty~~ - Colleges are now-a-days expected to carry out another also viz. to keep the public well informed of the latest developments in the various branches of knowledge. It is exactly this trend of thought that has found its emphatic expression in the Jayakar Report on the Maharashtra University. The Committee calls this aspect of the activity of University education 'extra mural development'.

The Ramnarainm Ruia College has completed successfully its first decade of existence and is to-day catering for more than two thousand students reading for their Arts and Science degrees. The College is alive to its duty in the wider field, specially so in view of the changed outlook after the attainment of independence on August 15 and the consequent urgent and pressing responsibility which the public has to ~~rexain~~ train itself to shoulder. The College has therefore decided to make an humble beginning in this direction and help the public to take a more intelligent and efficient interest in their civic duties and cultural development. The ~~College~~ ~~teaching~~ staff of the College have therefore arranged to give a series of lectures in ~~its~~ the College premises at an hour suitable to the general public. The dates, subjects and the speakers of the series of lectures will be announced in newspapars from time to time between November 1947 and March 1948. The Bombay public - particularly staying in Dadar and Matunga - are requested to offer their fullest co-operation in this effort of the R.R.College Staff and ~~help them~~ make it a success.

With a view to establish a closer and a continuous contact with the public, it is intended to undertake a scheme of Extension-Lectures during the second term, every year. The accompanying circular will give the necessary information about its aims and objects. The beginning will be made from the third week of November this year. May I therefore request you to give the inaugural address of this series. I thank you for your letter of the 28th. I congratulate your college on your attempt to undertake a scheme of extension lectures during the next term. My best wishes for your success. I am indebted to you for your proposal that I should give the inaugural address this year. But, unfortunately, my leisure at the present moment happens to be so limited and my movement in Bombay and outside is so uncertain that I am avoiding accepting any engagements which are too vital to be abandoned at short notice. Kindly, therefore, excuse my inability to accept your kind invitation. If times are more favourable later in the year, I may think of accepting your suggestion.

Dear Doctorsahab,

I rang you in the morning, but it appears you were engaged.

Primary Teachers from the Provincial Teachers Association request you to inaugurate their Provincial Conference at Panwel on Nov. 15th. The Provincial Association of Primary Teachers is one of the biggest Union in the Province. Their Conferences are attended by 5 to 10 thousand teachers. This time an educational exhibition of education

village work is arranged.
It will be a huge
thing. After the last
teachers' struggle to improve
their lot and the unprecedented
success it has achieved,
the Conference and the Exhibition
will be a great educational
achievement.

Teachers are all very
anxious to secure your
presence for guidance in

I sincerely request you to

October 27, 1947.

Dear Mr. Donde,

I thank you for your letter of the 20th and your kind invitation on behalf of the Primary Teachers' Association to inaugurate their conference at Panvel on the 15th. I am very sorry indeed that I have no time to do the needful and regret that I have got to decline the very kind request of the Association. The last time I presided at a similar function was many years ago. Since then, I have not been able to keep myself in touch with their struggle, which, I know, is justified for improved prospects including salaries. My sympathies are entirely with them, but I do not think that I can give them any useful assistance in the matter in the present state of my ignorance of their affairs and the limited time at my disposal. Things were very different many years ago, when I was in intimate touch with the progress of their cause and could speak with the authority of personal knowledge and experience. Kindly, therefore, excuse my inability to accede to your request.

Dear Sir,

I have received your card. I would have been delighted to send you some anecdotes about Mr. Kelkar, but, unfortunately, my relations with him were more or less confined to his public activities and my private contact was not of such a nature as to leave behind pleasant memories of some illuminating or personal anecdotes. For instance, I could tell you what work he did at the Indian Round Table Conference in London and in the formation of the Swaraj Party. But, these are related to his public activities and they hardly lend themselves to an enticing narrative of personal anecdotes. Under these circumstances, I am afraid I cannot be of much use to you. What you desire to have are ~~is~~ 'anecdotes' which are quite different from an appreciation of the public activities of a great personality like him.

Dated September 15, 1947

Dear friend,

The University of Allahabad will be celebrating its Diamond Jubilee from 12th to 15th December, 1947. The new order into which we are entering adds importance to the uniqueness of the occasion. Higher education in our country needs must undergo an altogether new orientation so as to meet the requirements of the India of the future. Your presence amidst us during these celebrations will be a source of inspiration and encouragement, and I do hope that you will give us the privilege of welcoming you in our midst.

Our University is one of the oldest institutions in the country. It has made a mark in the social and intellectual life of the nation in spite of the restricted opportunities within which it was called upon to discharge its responsibilities. The University stands now on the threshold of a new life, and needs the blessings of the leaders of thought and of action. I, therefore, approach you with the request that you will kindly join us in our celebrations and support our efforts to make our institution a worthy instrument for the service of our country and of our people.

Yours sincerely,

Tara Chand

Vice-Chancellor.

But, may I take this opportunity of sending my greetings and best wishes to your University for its rapid progress in the new order ~~into~~ which it is entering.

Yours truly

The Principal,

Dear Sir,

I am in receipt of your letter D.O. No.26(9)/7308, dated the 10th, inviting me to deliver an address to the staff and students of the Poona Agricultural College on the occasion of the social gathering on some date from the 1st to the 4th or the 9th of December. I am very grateful to you, your staff and pupils for ~~your~~ kind invitation, but, on considering the matter, I think that these honours now ought to go to younger men who are in public life rather than to old and jaded workers like me, who passed through such honours years ago in their early career. I hope, therefore, you will kindly excuse my inability to accept your kind invitation.

My dear Doctor,

I have just arrived here. I reached Poona too late on Sunday to phone you up. However, all arrangements for for Sunday's meeting are complete. You must have already seen press notices. Your subject has been entitled - "India's Future And Parsis' Role". The meeting will start at 5: 30 p.m. and not at six as mentioned by mistake. I will preside. Our Poona Chairman will welcome you on behalf of the Poona Branch of the Association. I hope these arrangements are suitable to you. My Chairman is also writing to you to the same effect. Do you want to be picked up from Law College or will you come directly to Pudumjee Hall in Sachapir Street, off Wellesley Road. It is a very easy place to find.

We climbed up Matheran from Neral this morning, doctor. We left Poona by the 12: 45 down, reached Nerul at 3" 45 and were off by the first cock crow. It was beautiful all

the way up and it is beautiful up here. But I can tarry here only for a few days and the depression of my departure has come over me at the very ~~[illegible]~~ beginning of my enthrallment. It reminds me of Sir William Watson's line in his Ode to Autumn, "~~[illegible]~~ Oh, be less beautiful - or less brief!"... But I am digressing and allowing my digression to intrude upon a time which is so precious. Forgive me.

I shall appreciate the favour of a reply ~~[illegible]~~ in connection with the meeting.

Yours
Hon. G.H. Needham

P.S., Doctor, I wish you had come to the Governor's Reception. Of course such functions are no novelty to you, but it was voted by one and all to be a brilliant success. Among those votes, I would have appreciated yours the most.

Invitation

Dear Dr Jayakar,

You will perhaps remember that some time back I wrote and requested ~~asked~~ you for a Foreword from you for my book of poems which Messrs Thacker's are publishing. You replied that as you were then leaving for the U. K. it was not possible for you to do so.

May I make you the same request now that you are back in India?

I could meet you in Bombay, whenever convenient to you, and hand over to you personally the typescript or if you prefer, the final printed proofs of the work. If you happen to be in Poona at present, it would give me much pleasure to meet you here and hand over to you the typescript.

I need not say that I will be very grateful to you if you can graciously write the Foreword for my poems --- however short it may be. You have always taken a very great interest in music and in art and I do so very much hope that you can accede to my request , though I have not yet had the honour of meeting you personally. Trusting to hear from you and with my many thanks,

Yours Peter Lovebeat

I have received your letter. My hands are so full at present with arrears of heavy work that it will not be possible for me to accede to your request at present. Owing to indifferent health, I had to remain without doing any work for a long time and the arrears have so accumulated on my hands that I see no near prospect of having enough leisure to read your book and do the needful for you. Dear Madam,

I have received your Marathi invitation dated the 25th, requesting that I should preside at the annual function of your library. The date you mention, 20th of December, is far too distant to enable me to say where I shall be. But, it is very likely that, on the day in question, I shall be away from Bombay and your invitation relates to an engagement which is far too vital to be abandoned at the last minute. Kindly, therefore, excuse my inability to accede to your request.

My Dear Babasaheb,

Please permit me in the first place to thank you very heartily for having responded so generously to my request that you should kindly favour us with a visit on any convenient day between the 10th and 19th of December. That is usually the time when the students of the College have their Annual Social Gathering, and we would all feel very much honoured by your agreeing to deliver the Presidential Address on the occasion. As arrangements for the day have to be made in advance it will very materially help us if you could let us know at your early convenience the date that will suit you most. As the Gathering meeting is held in the afternoon as a usual practice it will do if you can come here by the morning express. Saturday 13th or Sunday 14th December would suit us best, though the choice is finally yours.

Thanking you again and hoping to be favoured with an early reply, I am,

Yours sincerely,

November 27, 1947.

My dear Principal Karve,

I thank you for your letter No.2388 of 47-48, dated the 25th, inviting me to deliver a presidential address to your students on any day between the 10th and the 19th of December. I have considered the matter very carefully and, with the best desire which I have always evinced of acceding to your request, I feel that the only subject on which I can usefully speak on that occasion is the proposed University of Poona. I wish to avoid speaking on any controversial points likely to stir up a feeling of discontent against the present Government, for I realise that, with all my differences with them, which are strong and acute, I ought not to say anything likely to weaken the Government's present position, while they are grappling with enormous difficulties which have taken them by surprise. I do not know whether you will like me to speak on the proposed University. You know that I am most enthusiastic about it and desire to impart my enthusiasm to the pupils who will form that University in course of time. It is a prosaic subject, no doubt, not capable of stirring up wild emotions, but it is the one subject to which the attention of the students ought to be drawn and their energy and enthusiasm evoked. If you agree with this view, please let me know which date between the 10th and the 19th of December will suit you and your college best. I will try and suit my convenience to yours as far as possible.

Yours sincerely

Dear Mr. Gokhale,

I have received your letter. I am not sure where I shall be on the 23rd or 24th of December, these days being included in the Christmas holidays, which I generally spend upcountry. I do not know when I shall visit my house at Poona again. I shall probably be there some date between the 10th and 18th19th, when I am asked to speak at the Commerce College, Poona. I have not heard from Principal Karve yet what date has been fixed for this purpose, but you can easily ascertain it from him and meet me about that time to have a further talk about this matter. I hope you are doing well.

My Dear Babasaheb

I am very thankful to you for your letter of 27th Nov. As regards the subject of your address far from feeling any hesitation about the suitability of the Poona University as an appropriate theme, I was actually hoping that you will speak on the topic. I had a mind to discuss with ~~you~~ a few aspects of the proposed bill, so that all of us here could have the benefit of your guidance. But on the day on which I met you last in Poona, there was no time when we could speak of the matter. As you say the students are the chief party interested in the University and I can think of no better way of inspiring the necessary enthusiasm in them than having an address on the subject from one, who more than any other single person is responsible for turning the idea of a University for Maharashtra into an actual fact. It is not improbable that several other persons than students will also derive benefit and inspiration from your address. I shall specifically mention that you will be speaking on the Poona University and ~~XXX~~ I shall invite all educationists to the Gathering. Needless to say I shall arrange for a shorthand reporter. I am sure your address will have crucial significance at the present stage of the progress of the Poona University Bill.

Saturday 13th Dec., and next to it Sunday 14th Dec. will suit us. Kindly confirm as early as you can the day you prefer so that all arrangements can be made.

Thanking you for your kindness and looking forward to having you with us, I am, with best regards,

December 2, 1947.

My dear Principal Karve,

I thank you for your reply of the 30th. I am glad that my idea suits you and your college. You can fix Saturday (13th) afternoon, whatever hour suits you for my lecture and please let me know definitely the time and the place where you want me to speak. A few more suggestions about the same would be most welcome. I hope to be in Poona this Saturday (6th) and will be available at my residence in the afternoon, if you wish to meet me to discuss any points as suggested in your letter. I will be very grateful to have any help from you in connection with my speech, either by your suggesting any new points or elucidating others. I am glad that you are arranging for a shorthand reporter. My experience is that Poona is badly served in this matter, but I am hoping that your arrangement will be more satisfactory than usual.

I have had a talk on the phone with the Prime Minister about the Poona University and I was glad to see that he is very keen about it and wishes to bring it into existence at as early a date as possible. He desires to house the University in a most attractive place, the details of which I shall mention to you when we meet. Altogether, signs seem to be favourable. But, one of the things wanting is a greater enthusiasm for the

University in the intellectual circles of Poona. I shall be more than amply recompensed if my proposed speech has the effect of shaking up Poona public opinion. More when we meet on Saturday.

Yours sincerely

Dear Sir,

Kindly allow me to trouble you a little. Friends of the late Shri N.C.Kelkar, the veteran leader of Maharashtra, have decided to publish a volume of his anecdotes, reminiscences, impressions and appreciations from distinguished persons in public life and from those, who have come in close contact in multifarious activities of his, during his life-time. This prompts me to request you to contribute your reminiscences or impressions or at least your appreciation of him in any walk of public life, when you had an occasion to work with him or know him from close quarters.

I shall deem it a great favour if you will kindly respond sympathetically to my request at your earliest convenience, as I intend to publish the volume as soon as possible.

A word in reply as to when you can send your contribution will highly oblige me.

Anxiously awaiting your favourable reply,

Dear Sir,

I got both your letters. But the difficulty was not only of time, but the ability to say something useful about the late Mr. Kelkar, worthy of your attempt. As I wrote to you on a previous occasion, I was not privately intimate with him. My contact was confined to his public activities and these do not always lend themselves to the occurrence of anecdotes or their preservation. However, as I do not wish to disappoint you, I have just found time to dictate a short narrative of Kelkar as I knew him from an early date to the latest epoch. It will be typed and will be in your hands in two or three days' time. But, as you wanted an early intimation of what I proposed to do, I am sending you this letter in advance. I hope you will find my contribution useful and interesting. You said you had no objection in my dictating in English. It is always easier than dictating in Marathi and I have no one here who could take down Marathi matter in shorthand. So, I have resorted to the English medium, which I hope, you will not mind.

Dear Babasaheb Jayakar,

I enquired with Principal Karve about the date of your speech at the Commerce College. It is the 13th instant. I would like to know when you are coming to Poona before that date. The Geeta Jayantee Day is on the 23rd instant, and a speech from you will be a great impetus to the study of Geeta. Besides my interest in the matter is that my manuscript of the first part of Brihat Kosha is ready & I am going to print from the Geeta Jayantee Day. I want to explain to you the scheme of Brihat Kosha & a few words from you about the same are expected. The printing will cost about ten thousand. I prepared the manuscript. It has cost me a good deal & I want your guidance & advice in the matter. If you spare some time I will explain to you the whole scheme of Brihat Kosha. So kindly give me an appointment & after our interview you will be able to decide

Gujarat College,

Ahmedabad, 5th December, 1947

Dear Dr Jaykar,

The Gujarat College is to celebrate its Annual Commemoration during the third week of December and it is the earnest desire of all members that you should do us the honour of being the Chief Guest on the occasion.

We are aware that your multifarious engagements leave you little time to spare. Yet the Commemoration is the only occasion when our students can hope to obtain the benefit of a visit from men of outstanding intellectual eminence and public service. In the past we have had the good fortune to secure as Chief Guests Sir S.Radhakrishnan, Smt.Sarojini Naidu and others and we are particularly anxious that this tradition of distinguished visitors at our annual gatherings should be maintained at the highest level.

May I therefore on behalf of the Staff and students of the College urge you to accept this

invitation and spare at least one day for us.

The tentative dates proposed for the celebrations are between the 19th and 24th December. We shall, however, be most willing to change them to suit your convenience. Any date between the 19th December and 11th January except the Xmas holidays (i.e. 25th December to 1st January inclusive) will suit the College.

Dear Prof. Bhandarkar,

Following the conversation Shantabai had with me on the phone, came your kind letter of the 5th. I was very glad to receive it. But, at present, it seems very difficult for me to spare the time to visit Ahmedabad and deliver the necessary address. Apart from the difficulty of meeting your dates, which could be removed, as you say, by fixing a more convenient date, I see no prospect of being at present free to spare the time. My hands at the moment are extremely full with important work, for instance the early initiation of the Poona University, and I must request you to excuse my inability to accept your invitation this time. When the Gujerat University project receives a further stage of development and we know its main lines, it may be possible to visit Ahmedabad and speak about the project.

I was sorry to hear from Shantabai that you were indisposed. I hope you are feeling better now.

Dear Dr. Jayakar,

A copy of the new scheme for the second edition of The Cultural Heritage of India with other necessary enclosures requesting you to contribute an article to that publication was handed over to you by Swami Sambuddhananda and Swami Prematmananda in October last. We may take it that you have already commenced writing the article. May we request you now to send your letter of assent duly filled in (the form of which was sent to you along with the scheme)? This is necessitated by the fact that we may have to send from time to time reports of our progress of work to the Government of India, which is partially financing the scheme. If the form, previously sent, is missing, please write to us. We shall send you another copy.

As the Government of India proposes to distribute the volumes all over the world, we want that all distinguished Indian scholars should be associated with it so that Indian culture may be properly presented to the outside world. Even if you had any difficulty before to write for the publication, you will, we hope, now agree to do it in view of the fact that such a publication will greatly enhance the prestige of India in international circles.

Awaiting an early reply,

To,

Malbar Hill, Bombay.

Sir,

Reference to-day's telephonic talk taken place in the morning at 10-0 A.M.between you & Mr.Rasal, Steward of the Sasson Hospital Poona.

I thank you very much for having readily consented to attend the 4th All India Ministerial Officers' Conference and ~~xtxxxx~~ inaugurate it. The Reception Committee is really grateful to you for your splendid response to our request. The conference will be held at Dhulia - headquarters of the West Khandesh District - and will be presided over by Sjt. S.K.Patil, the President of the Bombay Provincial ~~Congress~~ Committee and the above Federation. The scheduled date is 31-12-47 and time at 10-30 A.M. This will be attended to by the representatives of the Ministerial Services (i.e.Clerical & administrative) from all over India.

As desired by you, I am enclosing herewith a copy of the report of the last conference held at Patna (Bihar). This was inaugurated by His Excellency Sir Hugh Dow, KCIE, C.I.E.,I.C.S.,Goverror of Bihar and the inaugural address by His Execellency is included as Appendix IV to the report.

p.t.o.

The resolutions passed at the last conference and included as Appendix III in the said report will give you, Sir, the clear idea of our Rights & Demands.

The Federation by holding such conferences creats a spirit of Fellow-feeling, universal brotherhood irrespective of caste & creed, self help, spirit of service & sacrifice & devices ways & means for the amelioration of the Ministerial Service as a whole and increasing the general efficiency of the service in the interest of the Nation.

All the Provincial Governments have turned deaf ear to the legitimate demands of our services and the revision of pay-scales has not still been effected in any of the Province. The situation in Madras Province is worse and the ~~ex~~ all the Non-Gazetted Govt. servants are on strike since 15th inst. All the Provincial Governments have adopted the fashion of replying 'The question of pay-scales is under the active consideration of Govt.' A Govt. servant cannot pull on in the meagre salary he gets in these very hard days of soaring prices.

I hope this will suffice ~~you~~ and help you to prepare your Inaugural Address for the conference. A copy of the address may kindly be sent me for printing.

As per appointment given, I myself and Mr. Kasal will see you in Bombay at your residence on Saturday at 8-30 P.M.

Once again thanking you for your consent,

BRINDABAN (MATHURA)
Dated 23rd Dec. 1947

The Right Honourable Dr.M.R.Jayakar,
Malabar Hill, BOMBAY.

Dear Dr.Jayakar,

After my return from America and Japan in 1941 I was practically cut off from the public, more specially during the latter half of the War. Since then I have been doing some literary work here at Brindaban.

I have been much pained at the inner life of the Sadhu-community as a whole in our country, and to improve their conditions as well as of the general Hindu public, spiritual and true cultural education in a proper way is needed. We have accordingly thought of founding a Vaishnava Theological University with a wider outlook for the benefit of both Sadhus and householders and all those who are interested in India's Theology, Philosophies and Culture.

The Scheme has so far been approved by the Dominion Govt. and the U.P.Govt. with certain modifications, which we have accepted. You know that though we claim for India's spiritual and cultural life that we have had in the past, there is hardly any genuine educational centre where our own people as well as orientalists could receive proper guidance in the way as we look upon our spiritual culture without being tinged by a western outlook of approach.

We are now forming the final Governing Body as well as the General Body of the University. You have known me for a long time, and I therefore venture to request you to kindly agree to be a member of the Senate of the University and thereby encourage us to serve the country in our own field. I am getting in touch with scholars of the different Provinces, and some like Mr.P.R.Das, Dr.N.P. Asthana and others have already responded favourably.

We want to have three persons from Bombay including yourself. Will you pardon me for requesting you to suggest two more names from Bombay Presidency whom we could approach ?

Thanking you in anticipation of your support,

Yours sincerely,

B.H.Bon.

Dear Swamiji

I duly received your letter of the 25rd ultimo after some delay and I have noted the contents. I am in great sympathy with your effort, and think it my duty to give you such co-operation as I can in achieving success for the project. I do not know who the other members of the proposed Senate will be, but I have no doubt they will be some distinguished educationists or public men. I have great pleasure in accepting your invitation to be a member of the Senate.

With all good wishes for the success of your effort, I am,

"INCIDENTS OF GANDHIJI'S LIFE"

The book is to contain a record of incidents of Gandhiji's life (including conversations etc.) narrated by eye-witnesses in as objective a manner as possible. It is not to be a collection of appreciations, eulogies, etc. which are to be deliberately kept out. In this respect it would differ from some other collections of articles, say, for instance, the one edited by Sir Sarvepalli Radhakrishnan. Memories are fading; death too is taking its toll; and much valuable biographical material is being irrecoverably lost. This is, therefore, an effort, though the first of its kind, to rescue as much of it as possible from passing into oblivion. Many of Gandhiji's most intimate associates, including a few members of the Congress Working Committee, several prominent non-Congressmen, and a number of Gandhiji's friends abroad, have promised to send in their contributions for inclusion in the volume. Gandhiji's letters also can be quoted fully or in part, wherever necessary, with an explanation of the circumstances in which they were written. There is no restriction as to space; and articles may reach the editor, Chandrashanker Shukla, sometime in June. In the meantime he will be much obliged for just a line to say that you have decided to comply with the request. His address is as follows:

February 27, 1948

Dear Dr. Zakaria

May I take this opportunity to renew my request for your reminiscences for my volume on Gandhiji? The enclosed leaflet explains the scope of the book and contains a list of those who have promised to send in their contributions. About forty articles have been received so far, and some more are expected to arrive during the next fortnight or so. Now that Gandhiji is no more, it becomes all the more imperative to collect these 'reminiscences' which would serve as the first-hand evidence of some of his most distinguished contemporaries and his intimate

associates. His letters also can be cited as part of the narration. Looking to the articles already received, I feel hopeful that the book will make a useful addition to the literature on Gandhiji's life and work.

I shall be deeply grateful if you kindly spare some time and send me your 'reminiscences' as early as possible — by registered post to ensure safe delivery.

With respectful regards

Yours sincerely

OFFICIAL NOTICE REGARDING THE TIME AND PLACE OF THE SECOND INTERNATIONAL CONFERENCE OF THE LEGAL PROFESSION

I, Amos J. Peaslee, Secretary General of the International Bar Association, give notice that the Second International Conference of the Legal Profession will be held in the Palace of Peace in The Hague (Netherlands) on August 16, 17, 18, 19, 20, 21, 1948.

Amos J. Peaslee
Secretary General

Dated, New York, February 25, 1948

PLANS FOR THE SECOND CONFERENCE AT THE HAGUE, AUGUST 16-21, 1948

HISTORY

For several years the American Bar Association surveyed the experience of international organizations of lawyers. It developed that the success of those enterprises which sought to bring together organized units of the legal profession had been limited to particular geographic regions. No single enterprise had achieved active universal participation, in fact, by such units. The urgent need for a world governed by law and not by force, called for the cooperative effort of lawyers everywhere upon a non-political basis. As a result, the American Bar Association invited the national organizations of lawyers throughout the world to meet in the City of New York on October 8 and 9, 1946, to consider the creation of a universal organization. The representatives of more than twenty national organizations met, enthusiastically approved the project and drafted a proposed Constitution. A meeting to inaugurate the Association was held in the same place on Feb. 17 and 18, 1947. That meeting launched the International Bar Association and adopted the Constitution and By-Laws.

OBJECTIVES

The purposes of the Association, as set out in its Constitution are:

"To advance the science of jurisprudence in all its phases and particularly in regard to international and comparative law;

"To promote uniformity in appropriate fields of law;

"To promote the administration of justice under law among the peoples of the world;

"To promote in their legal aspects the principles and aims of the United Nations;

"To establish and maintain friendly relations among the members of the legal profession throughout the world;

"To cooperate with, and promote coordination among, international juridical organizations having similar purposes.

"This is a non-political organization" (Article 1 of Constitution).

MEMBERSHIP

Membership in the Association is confined to national organizations of members of the legal profession of a nation, country, self-governing dominion, trust-territory or colony. "Members of the Legal Profession" is defined to mean "persons versed in the laws or practitioners of Law, including attorneys, counselors, solicitors, barristers, advocates, judges, professors of law, et cetera." International organizations having similar purposes may be elected as associate members. Individual members of the legal profession may be elected Patrons of the Association. Patrons are entitled to attend all the International Conferences of the Legal Profession and Sessions of the House of Deputies and to participate in the symposia of such Conferences.

The basic dues of member organizations are One Hundred ($100) Dollars United States currency, or its equivalent, annually. Each member, which is entitled under the Constitution to more than one deputy in the House of Deputies, pays additional dues of Fifty ($50) Dollars United States currency, or its equivalent, annually, for each deputy in excess of one. Associate members pay annual dues of One Hundred ($100) Dollars. Patrons contribute not less than Twenty-five ($25) Dollars annually.

ORGANIZATION

The Association's governing body is the House of Deputies. Each national organization is entitled to one deputy in the House of Deputies for each one thousand or fraction of one thousand members of such organization, provided no such organization is entitled to more than ten deputies. The administrative body of the Association, which functions subject to the direction of the House of Deputies, is the Executive Council. This consists of twelve Councillors (not more than one from the same nation, country, self-governing dominion, trust-territory or colony). The House of Deputies elects them. The President, the Speaker of the House of Deputies, the Secretary General and the Treasurer of the Association are ex officio members of the Executive Council.

MEMBER ORGANIZATIONS AND PATRONS

As of today 32 national organizations of 28 countries, with an estimated membership of 70,000 lawyers, have joined the International Bar Association.

Other applications for membership are pending and negotiations with them are in progress. A list of the complete membership will be included in the next bulletin.

Over 300 members of the legal profession are now Patrons of the International Bar Association.

DOCUMENTARY REQUIREMENTS

All persons planning to make the trip to the Conference should make inquiry of the Netherlands Consulate as to the requirements of passport; visas; foreign exchange regulations; medical certificates showing vaccination, etc.

TRANSPORTATION

In view of the fact that all means of transportation are over-burdened for the return trip, all members are advised to make their reservations through local travel offices, particularly for the return trip. If plans are being made to go, make your reservations at once. Otherwise you may not obtain space later.

Special arrangements have been made with the KLM Royal Dutch Airlines. Reservations may be made through the agents of this line, indicating that you are going to visit the International Bar Association meeting in The Hague.

The meeting will take place in the Palace of Peace. The International Law Academy in The Hague is also located at the Peace Palace. This will afford any lawyer who is also interested in the courses at the International Law Academy an opportunity to combine both interests. The courses will be in session up to August 14, 1948.

The Hague is in the center of Western Europe. Visitors who wish to combine their participation at The Hague with visits to other cities in Europe can do so easily.

From the Hague the various cities in Europe can be reached as appears from the following schedule indicating the number of hours needed for a trip by train and/or boat and by plane:

ACCOMMODATIONS

Hotels are very crowded in this period of the year. Following the precedent established for lawyers attending The International Law Academy, an organization has been set up to arrange suitable accommodations in private homes. It has been found that very good accommodations can be had in these private homes located near the International Law Academy. This also makes for closer contact among visiting lawyers, and creates a real and lively interest in the country and its people. For those, however, who desire hotel accommodations, a list is given below and reservations should be made without delay.

Members desiring to stay at private homes should address their reservations to the Nederlandse Advocaten-Vereniging, Attention: Jhr. Dr. H. DeRanitz, Laan Van Meerdervoort 64, 'S-Gravenhage.

ALL PERSONS DESIRING FURTHER INFORMATION RESPECTING ANY ASPECT OF THE CONFERENCE AND, PARTICULARLY, THE CONDITIONS REQUIRED FOR THE ORDERLY SUBMISSION OF PAPERS AND THE PARTICIPATION IN CONFERENCE DISCUSSIONS, ARE INVITED TO WRITE TO THE SECRETARY GENERAL, AMOS J. Dear respected Babasaheb,

I am at the moment in New Delhi en route to Kashmir, and am writing these few lines to persuade you to accept the invitation of the Summer Lecture Series which is I believe in your hands. I should have called on you and extended the invitation personally, but I had to leave for Delhi all too suddenly on receipt of a message from the Kashmir Government who are arranging my passage and tour. Please therefore forgive me for not coming to you personally.

If you ask any of those people who attended our Lecture series last year they will all tell you that it was a tremendous success. People of Poona are looking forward to our Series this year with great eagerness, and I want to make the Series even a greater success this year. I shall have the satisfaction of having done it if you kindly consent to inaugurate it. Please therefore say 'Yes'.

We are changing the dates. The new dates are Sunday the 6th June to Sunday the I3th June. Your inaugural lecture will be on Sunday the 6th June (evening).

Since I am due to fly to Shrinagar tomorrow, and am not likely to return to Poona for five to six weeks I am asking the secretray of the Series to call on you to receive your consent and to be informed about the subject which you would like to choose for your lecture. We expect you to speak in English.

Thanking you. with deepest regards

Yours sincerely

सादर नमस्ते -

मी आणि माझ्या काही सहकाऱ्यांनी ग्रीष्म व्याख्यानमाला नावाची एक नवी संस्था गतवर्षी काढली. नामांकित वक्त्यांची उद्‌बोधक व्याख्याने करविणे हा संस्थेचा हेतु आहे, आणि व्याख्याने फुकट पेक्षण्याची लोकांची सवय मोडावी व तिकिटे घेऊन व्याख्यानास जाण्याची संवय श्रोत्यांना लागावी असा प्रयत्न आहे. गतवर्षी ही योजना अत्यंत यशस्वी झाली. के. तात्यासाहेब मालेतील सर्व व्याख्यानांस हजर राहिले, आणि शेवटच्या दिवशी त्यांनी मालेच्या चालकांचे जाहीर अभिनंदन केले. जून महिन्यांत

यंदा ग्रीष्म-व्याख्यान- माला तर्फे ~~[illegible]~~ ता. ६ ~~[illegible]~~ पासून तों. NF-93 ~~[illegible]~~ पर्यंत आठ किंवा नऊ व्याख्याने करण्याचे योजिले आहे. ही सर्व व्याख्याने बहुधा गतवर्षीप्रमाणे नानुविलास थिएटरमध्ये होतील, आणि एक रुपयापासून तो चार आण्यापर्यंतची तिकिटे (आणि योग्य दरांची सीझन तिकिटेही) ठेवण्यांत येतील.

यंदाच्या मालेत आपण एक व्याख्यान द्यावे अशी अत्याग्रहाची विनंति मी या पत्रद्वारे आपणांस करतों. आपल्या आवडीचा कोणताहि विषय आपण घ्यावा, आणि मराठींत अगर इंग्रजींत आपल्या

मर्जीप्रमाणें व्याख्यान द्यावें.

आपला दुसरा वर्गाचा प्रवास सर्व आम्ही आपणास देऊं, आणि आपली इच्छा असेल तर व्याख्यानानिमित्त पुण्यांत होणाऱ्या आपल्या मुक्कामाची व्यवस्थाही आम्ही करूं.

आपला विषय, आपण मराठींत कीं इंग्रजींत बोलणार तें, आणि ता. २२ मे पासून ता. ३१ मे पर्यंत कोणत्या दिवशीं आपण व्याख्यान घाल तें सवडीतीं लवकर कळविण्याची मेहेरबानी करावी.

श्री. नेकनामदार डॉ. मुरा. मूर्फबादासहेब जयकर यांस,

स. न. वि. वि.

लोकरंजनांत आणि लोकशिक्षणांत नाट्यकलेचें अग्रेसरत्व आतां मान्य झालेलें आहे. परंतु या कलेची पद्धतशीर व पायाशुद्ध उपासना होणें अत्यंत आवश्यक आहे, तरच लोकजीवन त्यांत प्रतिबिंबित होईल. म्हणूनच अंगीं असलेल्या नाट्यगुणांची योग्य प्रकारें जोपासना व्हावी या करितां या कलेच्या शिक्षणाची व्यवस्था होणें अत्यंत अगत्याचे आहे.

नाट्यकलेचें जीवनांतील महत्व जाणून अलीकडे नागपूर विद्यापीठानें या कलेच्या अभ्यासाची तरतूद केली आहे हें आपणास माहिती झालें असेलच. तसेंच उदयोन्मुख पुणें विद्यापीठांतसुद्धां या कलेच्या शिक्षणाचा अंतर्भाव व्हावा यासाठीं हा प्रयत्न होत आहे.

आम्ही नाट्यक्षेत्रांत काम करीत असल्याचें आपणास विदित आहेच. दरवर्षी आम्ही आन्तरशालेय नाट्यस्पर्धा भरवीत असतों. याबाबत आम्हास यथाशक्य सहाय्य आपण केलें आहेच. स्पर्धांत जे नाट्यप्रवेश होतात त्यांना कांहीं विशिष्ट वळण आणि शिस्त लागावी ही आमची मनीषा आहे.

या हेतूनें प्रेरित होऊन यंदा उन्हाळ्याच्या सुट्टींत विद्यार्थी–विद्यार्थिनीं करितां एक नाट्याभिनय वर्ग तीन आठवडे चालविणार आहोंत. विद्यार्थ्यांची संख्या मर्यादित घेण्याचें ठरविलें असल्यामुळें ज्या विद्यार्थी–विद्यार्थिनींना या वर्गांत आपलीं नांवें नोंदवावयाची असतील त्यांनीं आपलीं नांवें शक्य तितक्या लौकर नोंदवावींत.

या वर्गांत वाचाशुद्धि, बलविकास, कांहीं नाटयछटा, आत्मगत भाषणें आणि प्रवेश बसवून घेणें, रंगभूषा आणि वेषभूषा इत्यादि विषयक माहिती देण्याची आमची कल्पना आहे. सकाळीं ३५ मिनिटांचे तीन तास होतील. त्यांत नाट्यविषयक आणि वरील विषयानुसार व्याख्यानें होतील. सायंकाळीं प्रत्यक्ष तालमी घेण्याचें कार्य होईल. प्रत्येक आठवड्याच्या अखेरीस या क्षेत्रांतील तज्ञ व्यक्तींचें नाट्यविषयक व्याख्यान होईल. या विषयाची आस्था आणि प्रेम बाळगणाऱ्या व्यक्तींच्या भेटी या वर्गास होतील; वर्गाची मुदत संपण्यापूर्वी परीक्षा घेण्याचा व तसेंच योग्यतेनुरूप पारितोषिकें आणि प्रशस्ति पत्रकें देण्याचा विचार आहे.

आतापर्यंत आपण आमच्याशीं सहकार्य केलेलें आहे. त्याबद्दल संस्था ऋणी आहे. आतां आमच्या या नवीन उपक्रमास आपणाकडून सक्रिय सहाय्य लाभावें अशी विनंति आहे. आपल्यासारख्या नामवन्त व अधिकारी व्यक्तींचें सहकार्य लाभल्यास या आवश्यक कलेला शालेय व महाविद्यालयीन अभ्यासक्रमांत स्थान प्राप्त करून घेण्यास मदत होईल. या जीवनोपयोगी आणि आनंदवर्धिनी कलेची सेवा आणि अभिवृद्धि करण्याचें श्रेयही आपणास लाभणार आहे.

विद्यार्थी–विद्यार्थिनींची निवड समक्ष भेट घेतल्यानंतरच निश्चित होईल. पुरेशी संख्या झाली तर विद्यार्थिनींचा वर्ग स्वतंत्र ठेवण्यात येईल.

या वर्गांत पुढील विषय प्रामुख्यानें शिकविले जातील. (१) वाचाशुद्धि आणि वाचन, (२) योग्य असा शारीरिक हालचाली, (३) नाटकाचें अध्ययन, (४) रंगभूमीबद्दल माहिती (आंतील व बाहेरील), (५) अभिनय–संभाषण, भाषण गोष्ट, नाटयछटा, प्रवेश इत्यादि, (६) प्रॉजेक्ट, (७) वहीं.

Dear Mr. Champaklal,

I thank you very much for your letter of the 11th. I am grateful for your invitation that I should preside at the function relating to the Golden Jubilee of Pandit Omkarnath's work as a musician. I should have been glad to do so, but my stay in Bombay at present is very limited and, on the dates mentioned in your letter, I expect to be busy with my work in Poona in connection with the University there. It will not, therefore, be convenient for me to preside on the occasion.

Yours sincerely

I shall inform you in my next letter how I translated a 2nd 44 B student aged about 45 to 50 whom I suspect to be a dear revered Guruji, to be a detective over your lectures!

I had sent a letter to you at Poona about three weeks ago, which, I am afraid, has not reached you. In that letter I have, firstly, given you an invitation as chairman of Junnar Education society, to come to Junnar to visit the New schools of Junnar Education society and thus give us an opportunity to show respect and reverence for you for consenting to be Vice-chancellor of Mahârâshtra University. The month and date of this sacred function are to be fixed after hearing from you your kind acceptance of our invitation. They were not suggested in that letter as I intended to get them fixed in consultation with you after my pleasant son who was detained in Yerawada Jail

524

for being the Hqrs of Junnar Tâluka was ordered to be released by the High court. I am glad to inform you that High court has ordered his release and he has been released Now. I therefore repeat my request to you to kindly accept the invitation so that we may fix the date of your visit to Junnar in consultation with you.

Dear Mr. Joglekar,

I thank you for your card. Your previous letter did not reach me. I am grateful for your invitation. But, at present, I am not accepting any functions of that character. My duties as the Vice-Chancellor are sufficiently heavy without adding to the burden by accepting invitations like yours. Please, therefore, excuse me.

Dear Dr. Jayakar,

Your letter of the 14th inst. addressed to Shri Champaklal G.Modi was duly received here. Since Shri Champaklal is away from the city, I am writing this to you. I note that the days mentioned by us in our previous letter are not suitable to you. Anyway, this does not despair or leave me or rather our committee in despair. We sincerely believe and desire that your goodself is the most appropriate person for the occassion. This matter was discussed with Panditji too and he too was of the same opinion and could -- think of no other person. We are prepared to fix up a day which is most convenient to you. Please therefore, confirm that you are agreeable to preside on the occassion and give us 2 to 3 alternative Sundays in June or July. - We are asking for alternative dates because we have also to book C.J.Hall and if by --- chance it is booked on a particular day selected by you we can fix the alternative one.

Please be good enough to let us have your acceptance and dates suitable to you.

Thanking you,

Sincerely Yours,
Valji Dhanji
Hon.Jt.Secretary.

Dear Mr. Valji,

I have received your letter of the 22nd.

I thank you for your readiness to fix any date convenient to me, but I am afraid you will have to wait for that till after the first week of August, for apart from the heavy work that confronts me here as the Vice-Chancellor of the Poona University, there is a likelihood of my going out of India and remaining away till the early part of August. So the earliest date I can suggest would be the second week of August, but if you are unable to accept such a distant date, I can quite understand your difficulty.

Yours sincerely
